It is to inform that vide reference 4th cited proposals were sent to the Govt. to accord permission to TSMSIDC for utilizing the less tender premium of Rs.162.12 Lakhs available in the sanctioned amount of Rs.1435 Lakhs for construction of Telangana State election Commission Office Building at Gachibowli. Vide reference 5th cited, the proposals were returned by the Government stating that the financial year 2021-22 is over.

In this regard it is to inform that, the Govt. vide reference 1st cited, accorded administrative sanction for an amount of 320.00 lakhs for construction of own building to Telangana State Election Commission in Sy. No. 91 of Gachibowli(village), Serlingampally(Mandal), Rangareddy District in the year 2016.

Later the Government Vide reference 2nd cited, revised the above administrative sanction for Rs. 1435.00 Lakhs in the year 2018.

The construction work was entrusted to the "Telangana State Medical Services and Infrastructure Development Commission" (TSMSIDC) in the year 2016. As reported by the Managing Director, TSMSIDC the work is divided into three phases and presently second phase is nearing completion and tenders have to be called for the last phase of work for which an amount of Rs. 580.42 Lakhs is required. It is proposed to meet this amount from the available balance amount of revised administrative sanction amount of Rs.1435.00 Lakhs less tender premium available in the above said works which was taken up in earlier two phases.

Hence, the Managing Director, TSMSIDC requested for necessary permission from the Government, to utilize the less tender premium Rs.162.12 Lakhs in earlier two phases of works. (The details are mentioned in the reference 3rd cited, copy enclosed).

I would like to emphasize that the foundation stone for this building was laid by Sri.K.T.Rama Rao Garu, Hon'ble Minister for Municipal Administration Urban Development & IT on 29.08.2016 and five years have already elapsed in completion of building due to various reasons.

Further, it does not involve any release of funds now from the Government and only permission is needed to utilize from the available balance.

Hence, it is once again requested to see that the permission is accorded to TSMSIDC as early as possible for utilizing the less tender premium of Rs. 162.12 Lakhs in earlier two phases and balance available amount of Rs.418.30 Lakhs (418.30 Lakhs +162.12 Lakhs=580.42 Lakhs) within the sanctioned amount of Rs. 1435 Lakhs so that they can call for the tenders for the balance works worth Rs. 580.42 Lakhs and to complete the works at least in the financial year 2022-23.

Yours sincerely,

Best Wishes,

(C.Partha Sarathi)

Lr.No.32/TSEC-EM/2023 Dated:30.01.2023

To
All the Collectors & District Election Authorities in the State.

Sir,

Sub:- TSEC- Availability and reconciliation of SEC Ballot Boxes in the districts- Information – Called for – Reg.

* * *

As you are aware that the 5 years tenure of the current Bodies of Gram Panchayats in the State will expire by January 2024, the Commission has initiated various steps for ensuring smooth conduct of elections. To begin with, the Commission initially focused attention on the availability of Ballot Boxes. As such, the Commission desires to know the status of the availability of Ballot Boxes in the districts.

As per the information furnished by the District Panchayat Officers earlier and as per the records maintained in the Commission, the availability of Ballot Boxes in the districts is indicated below:

Sl.No.	Name of the District	Jumbo/ Big size	Medium size	Small size	Total
1	2	3	4	5	6
1	Adilabad	3304	105	3298	6707
2	Komarumbheem Asifabad	1933	468	2037	4438
3	Mancherial	745	2128	364	3237
4	Nirmal	1194	1345	597	3136
5	Jagtial	2876	1739	1103	5718
6	Karimnagar	1947	347	1841	4135
7	Peddapalli	1896	1843	94	3833
8	Rajanna Sircilla	727	890	678	2295
9	Bhadradri Kothagudem	796	280	315	1391
10	Khammam	664	620	728	2012
11	Jogulamba Gadwal	849	750	411	2010

12	Mahabubnagar	1457	867	560	2884
13	Nagarkurnool	692	209	492	1393
14	Wanaparthy	425	257	168	850
15	Medak	2815	80	314	3209
16	Sangareddy	2781	1788	44	4613
17	Siddipet	2162	322	645	3129
18	Nalgonda	1234	1728	714	3676
19	Suryapet	352	71	314	737
20	Yadadri Bhuvanagiri	20	37	157	214
21	Kamareddy	1566	940	1370	3876
22	Nizamabad	2216	290	2057	4563
23	Medchal-Malkajgiri	17	45	7	69
24	Ranga Reddy	381	46	20	447
25	Vikarabad	1253	816	1058	3127
26	Jangaon	674	401	286	1361
27	Jayashankar Bhupalpally	1621	614	554	2789
28	Mahabubabad	147	36	9	192
29	Warangal	2616	201	699	3516
30	Hanumakonda	412	0	227	639
Total		39772	19263	21161	80196

Actually, the Commission is having ballot boxes in 4 sizes. The sizes of Ballot boxes are as follows:

Sl. No.	Nomenclature of Ballot Boxes	Size of Ballot Boxes in inches			Caters
		Height	Length	Width	
1	Jumbo	18.5	13	11	More than 2000 votes
2	Big	12	10.3	9	800 Votes
3	Medium	9	9	7.8	250 Votes
4	Small	6	8.8	7.5	100 Votes

But, while furnishing information from the districts, they are showing Jumbo and Big size ballot boxes in one column. But there is a size wise difference between Jumbo and Big ballot boxes. This would lead to confusion while allocating the Ballot Boxes to the districts / polling stations at the time of elections.

Hence, all the Collectors & District Election Authorities in the State are requested to issue necessary instructions to the District Panchayat Officers to reconcile the availability of Ballot Boxes duly conducting physical verification of Ballot Boxes and to categorize in terms of it's size, basing on the specified measurements and submit the information on or before 15.02.2023 in the following proforma to the Commission.

Sl. No.	Name of the District	Size wise availability of Ballot Boxes in the district					
		Jumbo (18.5 H x 13 L x 11 W)	Big (12 H x 10.3 L x 9 W)	Medium (9 H x 9 L x 7.8 W)	Small (6 H x 8.8 L x 7.5 W)	Total	Remarks

Note: Sizes of ballot Boxes (in inches)

Signature of the District Panchayat Officer

This shall be treated as most urgent.

(This has the approval of State Election Commissioner)

9	Brief description of initiative / scheme (Ecosystem and processes involved in achievement or delivery of benefit)	Keeping in mind the demographic of senior citizen, migrants, on duty government officials, front line health workers (in a COVID pandemic type of scenario), election duty citizens and other unwell or physically challenged citizens, Telangana State Election Commission proposes to pilot a solution that enables voters to cast their vote using smart phones, remotely and safely. Besides this sub-set of voters, in the longer run, it is proposed to offer eVoting as an optional service for voluntary choice to all interested eligible voters.

Authentication Requirement		
10	Proposed Aadhaar authenticationservice Use case	Registration: Voter e-KYC is done using Aadhaar for ensuring authenticity of the user. A brief overview of the registration process where the service is to be used is as follows: A mobile application allows voter to register on a Smartphone (Android only) during a specified window set by the State Election Commission. The user authentication mechanism is ensured through a 3-factor authentication, one of which is the Voter e-KYC using Aadhaar. Explicit consent from the voter is taken for using his / her Aadhaar number for authenticating the voter. Each voter enters their Voter ID and Aadhaar number into the mobile application. Aadhaar Numbers will be stored in Aadhaar vault and reference numbers to the Aadhaar will be stored in e-voting server. Firstly, an OTP is sent to the Aadhaar-linked mobile phone, which is to be entered in the mobile application. Secondly, the name and Date of Birth of the voter in Electoral database (Te-Poll server) is verified against details available in the Aadhaar database received through e-KYC. After dual authentication, the voter is successfully verified. Besides the above mechanism, the other authentication mechanisms implemented in the application to remove the probability of fake voting include, Liveness detection of the electorate; and Photo Matching - matching electorate's selfie with the image in government's electorate database. The mobile device ID-Voter ID-Mobile number binding is also done During the e-voting process through smart phones, no Aadhaar authentication will be performed. Only face authentication of the resident will be performed and mobile device binding will be verified.
11	Aadhaar Authentication service Use case will meet following Purpose- (a) usage of digital platforms to ensure	(a) usage of digital platforms to ensure good governance

	good governance; (b) prevention of dissipation of social welfare benefits; and (c) enablement of innovation and the spread of knowledge. {Ref: Rule 3of the Aadhaar Authentication for Good Governance (Social Welfare, Innovation, Knowledge) Rules, 2020}	
12	Justification for the Use-case to beconsidered for the above purpose	e-Voting is an innovative use case to cater to the needs of the vulnerable population, who may face challenges in physical voting. It is also perceived that such a system would improve electorate turnout, especially among the urban electorates and the youth. Considering the widespread Aadhaar seeding that has happened in the country, the application aims to use e-KYC using Aadhaar as one of the user authentication mechanism. All eligible voters who have a mobile number linked Aadhaar will be able to avail the service on a voluntary basis. Mechanisms are in place to ensure need based usage, maintain hygiene of the data and ensure users' trust while using Aadhaar. They include • Usage is voluntary. • Explicit consent (multilingual) is sought from the user stating the purpose of use • Record of the explicit consent received from the user is stored in the server • Use of DLT (Blockchain) and implementation of adequate security mechanisms (at the mobile app and server side) • Aadhaar Number will be stored in the Aadhaar vault, and reference number to the Aadhaar will be stored in e-Voting server. • Other authentication mechanisms in place to remove the probability of fake registrations for e-Voting service include, Liveness detection of the electorate; Photo Matching - matching electorate's selfie with the image in TSEC electorate database; mobile device ID-Voter ID-Mobile number binding and restriction of only 2 voter registration using a

		mobile device. • e-KYC using Aadhaar is only used during the registration process. During the voting process of the registered e-Voting users through smart phones, only face authentication of the registered voter will be performed, besides other verifications such as registration status and mobile device & number. Since e-Voting is an initiative to secure public health during extra-ordinary times, and also offer convenience to disadvantaged citizens and interested voters, we seek consent for utilizing Aadhaar e-KYC and successfully conducting free, fair and secure elections that fall under the ambit of the Telangana State Election Commission in Telangana State.

I invite your kind attention to the references cited (Copies enclosed).

I wish to inform you that, in the reference 1st cited, Hon'ble Supreme Court described triple test to be complied by the State before reserving seats in the local bodies for OBCs. The salient features of Judgements dated 04.03.2021 of Hon'ble Supreme Court of India in Writ Petition (Civil) No.980 of 2019 Vikas Kishanrao Gawali Vs State of Maharashtra & others are as follows,-

A. 1. The beneficiaries under Articles 243-D(6) and 243-T(6), reservations in favour of BCs for purpose of occupying seats and Chairpersons positioned in Panchayats and Municipalities respectively need not necessarily be coterminous with the Socially and Educationally Backward Classes (SEBCs) [for the purpose of Article 15(4)] or even the backward classes that are underrepresented in government jobs [for the purpose of Article 16(4)].

2. This is because the barriers to political participation are not of the same character as barriers that limit access to education and employment.

3. The nature and purpose of reservations in the context of local self-government is considerably different from that of higher education and public employment.

B. 1. The reservation for OBCs is only a "statutory" dispensation to be provided by the State legislations unlike the "Constitutional" reservation regarding SCs/STs which is linked to the proportion of population.

2. As regards the State legislations providing for reservation of seats in respect of OBCs, it must ensure that in no case the aggregate vertical reservation in respect of SCs/STs/OBCs taken together should exceed 50 per cent of the seats in the concerned local bodies.

3. In case, Constitutional reservation provided for SCs and STs were to consume the entire 50 per cent of seats in the concerned local bodies and in some cases in scheduled area even beyond 50 per cent, in respect of such local bodies, the question of providing further reservation to OBCs would not arise at all. To put it differently, the quantum of reservations for BCs ought to be local body specific and be so provisioned to ensure that it does not exceed quantitative limitation of 50% aggregate of vertical reservations of seats for SCs/STs/BCs taken together.

C The triple test/conditions required to be Complied by the State before reserving seats in the local bodies for OBCs are as follows,-

(1) to <u>set up a dedicated Commission</u> to conduct contemporaneous rigorous empirical inquiry into the nature and implications of the backwardness *qua* local bodies, within the State;

(2) to specify the proportion of reservation required to be provisioned <u>local body wise</u> in light of recommendations of the Commission, so as not to fall foul of overbreadth; and

(3) in any case such reservation shall not exceed aggregate of 50 per cent of the total seats reserved in favour of SCs/STs/OBCs taken together in a given local body.

D. 1. Election results of OBC candidates which had been made subject to the outcome of these writ petitions including so notified in the concerned election programme issued by the State Election Commission, are declared as *non est*

in law and the vacancy of seat(s) caused on account of this declaration be forthwith filled up by the State Election Commission with general/open candidate(s) for the remainder term of the concerned local bodies, by issuing notification in that regard.

2. The State Election Commission shall take immediate steps to announce elections in respect of such vacated seats, of the concerned local bodies, not later than two weeks from the day of the Judgment, to be filled by general/open category candidates for the remainder term of the Panchayat/Samitis.

Further in the reference 2nd cited, in order dated 17.12.2021 in Miscellaneous Application Dairy No. 31495/2021 (Arising out of impugned final judgment and order dated 15.12.2021 in SLP(C) No.20734/2021 Manmohan Nagar Vs The State of Madhya Pradesh & others, the Supreme Court of India passed as follows,-

A. 1. The Hon'ble Supreme Court directed the Madhya Pradesh State Election Commission to stay the election process in respect of OBCs seats only, in all the local bodies and to re-notify those seats for General Category, as the triple-test formality for providing reservation to OBCs was not done.
2. Further, Election for General Category seats shall proceed along with other election already notified and is underway but results of all the seats (including re-notified General seats) will be declared together on the same day.

B. Learned Solicitor General to impress upon the concerned Authority to issue a communication to the respective State Election Commissions to strictly adhere to the enunciation of this of this Court, which is declaration of law by a three Judge Bench in *Vikas Kishanrao Gawali* (supra) to first comply with the triple test being a pre-condition, before notifying reservation of seats for other Backward classes in the local bodies under their jurisdiction.

Accordingly, in the reference 4th cited, Assistant Registrar, Supreme Court of India, New Delhi has forwarded a certified copy of signed reportable copy of judgment 3rd cited to all the State Election Commissions / Chief Electoral offices of all States in India for information and necessary action.

In the reference 3rd cited, in Judgment dated:10.05.2022, in WP(C) No. 278 of 2022, Suresh Mahajan Vs. State of Madhya Pradesh & another, Hon'ble Supreme Court of India made it clear that, if delimitation is not done by the State Government in terms of Amendment Act(s) of 2022 or the triple test requirement is completed "in all respects" for providing reservation to OBC category, the State Election Commission shall give effect to this order also in respect of upcoming elections of local bodies which would/had become due by efflux of time. The Hon'ble Supreme Court further clarified that, the above order and directions given are not limited to the Madhya Pradesh State Election Commission/State of Madhya Pradesh; and Maharashtra State Election Commission/State of Maharashtra in terms of a similar order passed on 04.05.2022, but to all the States/Union Territories and the

respective Election Commission to abide by the same without fail to uphold the constitutional mandate.

I, therefore, request you to strictly adhere to the enunciation of Supreme Court in the references 1st, 2nd & 3rd cited and Comply it.

(This has approval of the State Election Commissioner)

Lr.No.09/TSEC-PR/2022 Date: 16.05.2022

To

The Secretary to Government of Telangana,
Panchayat Raj & Rural Development Department,
Telangana Secretariat, Hyderabad.

Sir,

Sub:- TSEC – Elections – Elections to the Ordinary/ Casual vacancies in Panchayat Raj Bodies – Concurrence of the Government for the issue of Election Notification – Reg.

****

I wish to state that, Ordinary elections to Gram Panchayats were held in January 2019 and MPTC/ZPTC elections were held in May 2019. In the last 3 years since Ordinary elections are held, umpteen vacancies arose in PR bodies due to various reasons like due to death, resignation and disqualifications etc.,

Sub section (3) (a) of section 14 of PR Act, 2018 stipulates that, every casual vacancy in the office of an elected member of Gram Panchayat shall be filled within 4 months from the date of occurrence of such vacancy.

Rule 101 of rules relating to conduct of elections, 2018 stipulates that, every casual vacancy of an elected member of Gram Panchayat, MPTC and ZPTC shall be filled within 4 months from the date of occurrence of such vacancy.

Apart from casual vacancies, there are some Gram Panchayats and Mandal Praja Parishads for which Ordinary elections are to be conducted.

The following are the Abstract of vacancies

(i) Casual vacancies of Ward Member GP – 5248
(ii) Casual vacancies of Sarpanch GP – 199
(iii) No. of GPs for which ordinary elections are to be conducted – 39 (Sarpanch 39 and ward member 386)
(iv) Casual vacancies of MPTC – 88
(v) No. of MPPs for which ordinary elections are to be conducted – 2 (MPTCs 26)
(vi) Casual Vacancies of ZPTCs – 03

The stipulated period to hold elections to the casual and ordinary vacancies has already been lapsed. Earlier, the Commission tried to fill up these vacancies within stipulated time but, it could not be materialized due to want of concurrence of the government to hold elections.

As matter stood thus, one Sri. Thadakanti Gopal Goud filled a W.P no. 13047 of 2022 in the Hon'ble High Court for not conducting elections to casual vacancy of Dharmareddy MPTC and casual vacancy of President of MPP Nagireddypet mandal in Kamareddy District. The Hon'ble High Court in its Judgement dated 16.03.2022, while disposing the writ petition at the admission stage having regard to the submission of Sri. Vidhya Sagar, Standing Council that the TSEC has already addressed a letter to the State Government dated 16.02.2022 for Concurrence to conduct elections and submitted that the elections will be conducted as and when Concurrence receives from the Government, to avoid adverse remarks from the Hon'ble High Court. Any set back from this may laid to contempt of court.

It may be pertinent to mention here that, various High Courts and Hon'ble Supreme Court in various cases held that, the State Election Commission shall hold elections to local bodies within time. In appeal (civil) 5756 of 2005 dated 19.10.2006 (Kishan Singh Tomar Vs Municipal Corporation of the city of Ahmedabad) the Hon'ble Supreme Court emphasized that the Government should render full assistance and co-operation to the SEC in time to enable the SEC to comply with Constitutional mandate under Article 243 (U) to hold elections before the expiry of their term. In the recent Judgement, Hob'ble Supreme Court in writ petition (civil) No. 278 of 2022 dated 10th May, 2022 made it clear that, it is the responsibility of the State Election Commission to up hold the Constitutional mandate to hold elections to local bodies in time and it can not skip from its Constitutional mandate.

In the circumstances stated above and not to get in to legal entanglements in complying the Constitutional mandate, the Commission initiated action to hold elections to above mentioned casual and ordinary vacancies and also published electoral rolls on 21.04.2022 and 23.04.2022 and the polling stations will be published on 24.05.2022.

In view of the above and as required under section 197 (6) of TPR ACT, 2018 two election schedules (Annexure- A and Annexure – B) one for Gram Panchayat vacancies and another for MPTC/ZPTC vacancies are communicated herewith for Concurrence of Government for conduct of elections.

Early reply is solicited.

(THIS HAS APPROVAL OF THE STATE ELECTION COMMISSIONER)

Yours faithfully,
Sd/- M. Ashok Kumar
SECRETARY

Earlier, multiple times, the Commission tried to fill up the vacancies but, could not to do for want of occurrence from the government for conduct of elections as required under Section 197 (6) of TPR Act.

Again, the Commission initiated action to conduct elections to these vacancies and published electoral rolls vide reference 1st to 3rd cited and polling stations vide

It may be pertinent to bring to your notice that, a Writ Petition No.13407 of 2022 was also filed in the Hon'ble High Court to hold elections to a casual vacancy and thereon the Commission filed counter affidavit stating that, the Commission addressed a letter No.09/TSEC-PR/2022 dated:16.02.2022 to Government for concurrence to hold elections in the month of April, 2022 and after receipt of the concurrence the Commission will hold elections. Sir,

Sub: - TSEC – Elections –Determination of Reservations to the office of Sarpanch of newly formed GP Anthireddyguda of Nandigam Mandal in Rangareddy district for conduct of election – Orders issued by the Hon'ble High Court for conduct of elections to the office of Sarpanch within 8 weeks from receipt of the order in WP (PIL) No.30 of 2022 & WP.No.40739 of 2022 – Request –Reg.

3. Hon'ble High Court Order dt.07.02.2023 in WP (PIL) No.30 of 2022 & WP.No.40739 of 2022.

***

I invite your attention to the subject and references cited above.

In the reference 1st cited, the State Election Commission issued notification for conduct of ordinary elections to the Gram Panchayats in the state including Nandigama GP of Nandigama mandal in Rangareddy district. The elections of Nandigam Gram Panchayat were held on 21.01.2019. Thereafter, vide reference 2nd cited above, the Government constituted a new Gram Panchayat called Anthireddyguda Gram Panchayat on 03.11.2020 comprising the survey numbers specified therein carving out from the existing Gram Panchayat Nandigama with 8 wards and keeping 6 wards in Nandigama. After formation of Anthireddiguda Gram Panchayat, eight Wards out of fourteen Wards of Nandigam Gram Panchayat became Wards of Anthireddiguda Gram Panchayat.

Further, the five years term of the elected body will be expired on 01.02.2021. In view of the above, the District Collector had appointed a Special Officer to the newly constituted Anthireddiguda Gram Panchayat and Panchayat Secretary of Nandigam Gram Panchayat was made incharge Panchayat Secretary to the said Gram Panchayat.

Further, a PIL 30 of 2022 was filed before Hon'ble High Court for conducting election to newly formed Gram Panchayat Anthireddyguda. Another WPNo.40739 of 2022 was also filed with similar prayer.

The Commission filed counter affidavit in WP (PIL) 30 of 2022 before Hon'ble High Court stating that, the Panchayat election to Nandigam Gram Panchayat was held for fourteen Wards. After formation of Anthireddiguda Gram Panchayat, eight Wards out of fourteen Wards of Nandigam Gram Panchayat became Wards of Anthireddiguda Gram Panchayat, the term of the elected body is for five years. Consequent upon formation of Anthireddiguda Gram Panchayat, eight Ward members, who were earlier Ward members of Nandigam Gram Panchayat and who have now become Ward members of Anthireddiguda Gram Panchayat shall continue to be the elected members of Anthireddiguda Gram Panchayat till expiry of the term of five years. However, Sarpanch elected for Nandigam Gram Panchayat continues to be the Sarpanch of Anthireddiguda Gram Panchayat. Election to the office of Sarpanch of Anthireddiguda Gram Panchayat could not be conducted since the election to such office is required to be conducted simultaneously with the election to the Ward members. Therefore, State Government in exercise of powers conferred under Section 136 of the Act had issued notification dated 20.11.2020 appointing Special officer to conduct the affairs of Anthireddiguda Gram Panchayat. The election to the office of Sarpanch of Anthireddiguda Gram Panchayat can only be held when the next ordinary elections to the Gram Panchayats in the State of Telangana are conducted.

In the reference 3rd cited above, the Hon'ble High Court issued orders in WP (PIL) No.30 of 2022 & WP.No.40739 of 2022, dt.07.02.2023 to the respondents to carry out the necessary exercise for holding of election to the office of Sarpanch in Anthireddiguda Gram Panchayat and the exercise shall be completed within a period of eight weeks from the date of receipt of a copy of the order (copy enclosed).

I, therefore request you to finalize and communicate the reservation to the office of Sarpanch of the newly formed Gram Panchayat "Anthireddyguda" of Nandigama mandal in Rangareddy district for conduct of elections as it is mandatory to honour the Constitutional and legal mandates.

(This has the approval of the State Election Commissioner)

Yours faithfully,

Sir/Madam

Sub:- TSEC - Elections – Elections to casual vacancies in Gram Panchayats – Reverification and reconciliation of vacancies already reported and confirm the correctness of vacancies – Issue of instructions to the DPOs – Reg.

***

I wish to state that, huge number of vacancies are accrued in Gram Panchayats due to various reasons like death, resignation, disqualification etc.,. The Commission is intending to fill up these vacancies shortly.

In this connection it is brought to your notice that, DPOs are not paying proper attention in reporting vacancies resulting in wrong report and the commission is compelled to issue errata notification rectifying the mistake committed by the district officials. Wrong reporting means, inst ead of ward having vacancy another ward not having vacancy is reported. In some cases, vacancies are reported though there are no vacancies and where there is a vacancy that ward is not reported. Further the vacancy reports sent to SEC are differing with reports sent to Director, PR & RE by same DPO. These are some instances.

Reporting of vacancies is a statutory work. Though several times the SEC cautioned the DPOs, the same wrong reporting is being repeated. The Commission took it serious and firmly decided to take action against the wanton behaviour of the DPOs in discharging statutory duties.

Earlier, the DPOs have sent vacancy reports. Still the commission has apprehension about correctness of the vacancies. The district wise vacancies reported so far by the DPOs were already communicated to DPOs in format - R1, R2, R3 & R4.

You are requested to issue strict instructions to the DPOs to pay proper attention, verify and reconcile the vacancies (which were reported earlier) with the concerned Panchayat Secretaries and MPDOs by holding a meeting with them and send it to the Commission with ink signed against each vacancy confirming the correctness of the vacancies in the above proformae. If there are any variations to the vacancies reported earlier, it shall be corrected now.

After confirmation, no requests for rectification are entertained and the concerned DPOs will be held responsible for wrong reporting and serious disciplinary action will be initiated against them.

This exercise shall be completed within 10 days.

(THIS HAS THE APPROVAL OF THE STATE ELECTION COMMISSIONER)

Yours faithfully,

Immediately after receipt of Orders of Division Bench, to comply with the constitutional mandate to conduct elections to Zaheerabad Municipality, vide reference 2nd cited, the Commission requested the Government to complete the process of delimitation of wards and communicate the reservation of seats for Zaheerabad Municipality without elected body for such a long period amounts to violation of the provision laid in the Constitution.

Till date, the Commission did not receive any information from the Government in this connection. The term of the body expired in the month of July, 2019. Keeping a Municipality without elected body for such a long period amount to violation of the provisions laid in the Constitution.

Further , recently the Hon'ble Supreme Court of India passed a Judgement in Writ Petition (Civil) No.278 of 2022 and made it clear that it is the responsibility of the State Election Commission to uphold the Constitutional mandate to hold elections to local Bodies within the stipulated time and it can not skip from the Constitutional responsibilities and give a direction to all the State Union Territories and the respective State Election Commissions to abide by the Orders of the Hon'ble Supreme Court to uphold Constitutional mandate.

Hence, I request the Government to Complete the process of delimitation or wards and finalization of reservation of seats for Zaheerabad Municipality and communicate the information to Commission, so as to enable us to complete process of elections to Zaheerabad Municipality as early as possible to avoid any adverse legal implications by the Courts of Law.

This may be treated on top priority.

Also, read relevant chapter – 23 in the Hand Book for Returning Officers (where EVMs are used) for detailed guidelines.

6(2) SELECTION OF COUNTING HALL:

Selection of Counting – Hall is crucial for smooth conduct of Counting, especially during Ordinary Elections.

The Counting hall shall cater counting staff, ward wise Contesting Candidates and their Election Agents.

The Returning Officers of the Ward shall also be accommodated in the same hall to supervise the counting process and also to count the Postal ballot papers. Hence Spacious Hall shall be selected for counting purpose.

a) Generally, one counting table has to be arranged for each Ward. The Control Units of all polling stations within that Ward have to be counted on the counting table earmarked for that Ward one after one. Necessary barricading shall be arranged in between the Counting Agents and counting table in such a way that the Counting Agents can view the counting process clearly, observe that the seals on Control Unit are intact and also can note down the number of Votes Polled to each Candidate in every polling station of that Ward. Assistant Returning Officer appointed to each group of Wards shall assist the Returning Officer of that group in the counting process and shall ensure that 10% or minimum one randomly selected Polling Station(s) of each Ward mandatorily for counting of Printed Paper Slips of VVPAT and shall ensure concerned Returning Officer to made corresponding entries in Part-II of Account of Votes Recorded in Form-XXXI (in case of Municipalities & Municipal Corporations (Except GHMC) and Form-XXXVI (in case of GHMC).

The Returning Officers table shall be arranged in such a way that he can supervise the Counting Process of all Wards (Generally one Returning Officer will be appointed for 3 or 4 Wards). Barricading may also be arranged in between the Ward wise counting tables for orderly movement of Contesting Candidates and their Election agents. Clear diagrams showing the arrangements in Counting Hall are shown in Annexure-III to V enclosed to the Circular.

If one big hall to accommodate counting tables of all Wards of that Municipality/Municipal Corporation is not available, two counting halls can be selected earmarking wards of the Municipality/Municipal Corporation for each hall. In such case care shall be taken that all Wards of a particular Returning Officer are allotted in one hall only.

b) There is no bar on keeping two counting tables for each Ward, if the number of Polling Stations are more in Ward when the spacious hall is available. In such case, the Polling Stations in each Ward shall be divided between these two counting tables. For eg: if there are six polling stations in a Ward, the Control Units used in PS Nos:1,3 & 5 will be counted in table No.1 and PS Nos:2,4 &6 will be counted on table No.2 of that Ward.

Important precautions to be taken in Counting Halls:

i. Mobile phones shall not be used by candidates/ their election agents/counting agents in counting halls.
ii. Sufficient lighting arrangements shall be made inside & outside of the Counting Centre.
iii. The procedure for counting of ballots is prescribed Rules 93 to 99 of the Telangana Municipalities and Municipal Corporations (Conduct of Elections) Rules,2019 in case of elections to Municipalities & Municipal Corporations (Except GHMC) and Rules 86 to Rule 90 of Telangana Municipal Corporations (Conduct of Election of members) Rules,2005 in case of GHMC .The same is

also described in the relevant chapter-23 of the Hand Book for Returning Officer (EVMs method). In Circular No. 1297/TSEC-ULBs/2019, Dt: 21.11.2019 illustrations on the method of determining Postal Ballots, validity of ballots and vote preference are given.

iv. The R.O's table shall be in his counting hall itself. It should be a separate table with a demarcated area. Candidates and their Election Agents will also be seated at this table and watch the counting proceedings. The counting agent appointed at Ros table shall watch the process of postal ballot papers counting. Once the postal ballot paper counting is over, he shall leave the counting hall. The contesting candidates/election agents, seating at Ros table may be allowed to go to the counting tables where the counting is taking place for that ward without disturbing the counting process.

v. Similarly, the table and the computer on which the computation and compilation of data from each table at the conclusion of a round is done shall be in the courting hall alongside the RO's table.

vi. After completion of counting of votes, the related election papers shall be sealed ward wise properly. Utmost care should be taken in this regard.

vii. It must be ensured that, results are declared and 'Certificates of Election' are issued to the elected candidates of ward by the concerned Returning Officer immediately after declaration of the Result.

6 (3). COUNTING PROCEDURE:

A. COUNTING OF VOTES RECEIVED BY POST:

Under Rule 57 of Conduct of Election Rules, 2019 in case of Municipalities and Municipal Corporations (Except GHMC) and under Rule 49 of Telangana Municipal corporations (Conduct of Election) Rules,2005 in case of GHMC, the Postal Ballot Papers are to be counted first. The Returning Officer should first deal with the postal ballot papers.

Covers (Cover-B) [See Rule 40(2)(c) in Form XXVIII in case of elections to GHMC and in Form-XVII (Cover-B) [See Rule 27(1)(c)] in case of other Municipalities/Municipal Corporations, containing postal ballot papers received after the hour fixed for the commencement of the counting of votes should not be opened. They should be rejected and kept in a separate packet and sealed, noting thereon the appropriate particular. All the Postal Ballot Paper covers received in time for the Municipality or Municipal Corporation as the case may be have to be sorted out ward wise separately before proceeding for detailed counting. Then the Returning Officers concerned shall take by detailed counting as follows:

Covers in Form XXVIII in case of elections to GHMC and in Form-XVII in case of other Municipalities/Municipal Corporation received in time should be opened one after another. As each cover is opened, the Returning Officer should take out envelop containing the declaration in Form XXVI for GHMC and Form XV in case of other Municipal bodies and scrutinize the declaration. If the declaration in Form XXVI and Form XV as the case may be, is not found in the cover or the declaration has not been duly signed and or not attested by an officer competent to do so or is otherwise substantially defective or if the serial number of ballot paper appearing in

the declaration is different from the serial number on the cover in Form XXVIII for GHMC and in case of the Municipal bodies in Form XVII, the cover containing the postal ballot paper should not be opened and the ballot paper should be rejected. Each such rejected cover should be endorsed suitably by the Returning Officer and the declaration and the cover should be placed in the cover in Form XXVIII (Cover 'B') in case of GHMC and on Form XVII in case of other municipal bodies. All such covers should be kept together in a separate packet duly sealed and full particulars such as the name of the Ward, the date of counting and a brief description of contents should be noted thereon for easy identification. All the declarations in Form XXIV and Form XXVIII, as the case may be, which have been found to be in order, should then be kept in a separate packet in order to ensure that the secrecy of the postal ballot is kept inviolate. The packet should then be sealed noting thereon the particulars regarding the name of the Ward, the date of counting and brief description of the contents. This should be done before the cover 'B' in Form XXVIII in case of GHMC and envelop in form XVII in case of other Municipal Bodies containing the ballot papers are opened.

Thereafter, the covers (cover – B) in Form XVIII in case of GHMC and Form XVII in case of other Municipal Bodies should be opened one after another and the validity of the ballot papers scrutinized and decisions arrived at. A postal ballot paper should be rejected for following reasons:

i. If no vote is recorded thereon; or
ii. If votes are given on it in favour of more candidates than one; or
iii. If it is a spurious ballot papers; or
iv. If it is so damaged or mutilated that its identity as a genuine ballot paper cannot be established; or
v. If it is not returned in the cover sent along with it to the elector by the Returning Officer ; or
vi. If the mark indicating the vote is placed on the ballot paper in such a manner as to make it doubtful to which candidate the vote has been given; or
vii. If it bears any mark (other than the mark to record to vote) or writing by which the voter can be identified.

The valid votes should then be counted and each candidate credited with the votes given to him. The total number of postal votes received by each candidate should then be calculated, entered in the Result Sheet in Form-XXX(Final result sheet where counting is done polling stations wise) in case of GHMC and in case of other Municipal Bodies in Form XXIV in the appropriate place and announced for the information of the candidates.

Thereafter, all the valid ballot papers and all the rejected ballot papers should be separately bundled and kept together in a packed and sealed with the RO seal and the seals of such of the candidates or their election agents or counting agents as may desire to affix their seals thereon. The particulars such as the name and number of the Ward with the name of the Municipal Corporation/Municipality, the date of counting and a brief description of the contents should be recorded on the sealed packet for identifying it. Postal Ballot Covers in Form XXVIII in case of GHMC and in

case of other Municipal Bodies in Form XVII received late, should be sealed separately with endorsement on the top of the packet.

B. COUNTING OF VOTES POLLED IN POLLING STATION THROUGH CONTROL UNITS:

When the RO is engaged in counting the votes received by post, the work of distribution of polling station wise control units of voting machines on the various counting tables can be done by Assistant Returning Officers concerned as per the tables allotted to each Ward.

At the time of counting, only the control unit of the voting machine is required for ascertaining the result of poll at the polling station at which the control unit has been used. The balloting unit is not required. Nevertheless, the balloting units received from the polling stations should be kept along with the control units polling station-wise at the storage centre as is done in the case of the polled ballot boxes received from the polling stations. However, as mentioned above, only the control unit of the voting machine may be taken to the counting table. The balloting unit may be taken to the counting hall only if its inspection becomes necessary in any particular case on demand by any candidate or his agent or otherwise. Along with the control unit used at a polling station, the relevant Account of Votes Recorded in in Form XXXVI in case of GHMC and in Form XXXI in case of other Municipal Bodies pertaining to that polling station should also be supplied to the counting table.

C. OPENING OF CARRYING CASES OF CONTROL UNITS

The control units are received from the polling stations duly kept and sealed in their carrying cases by the Presiding Officers. As each carrying case is brought to the counting table, the seals put thereon by the Presiding Officer at the polling station should be examined. Even if the seal of a carrying case is not intact in any case, the control unit kept therein could not have been tampered with if the seals thereon and particularly the paper seals on that unit are intact. Remove the seals from the carrying case, take out the control unit and place it on the counting table for the inspection and checking of seals thereon by the candidates or their agents present at the counting table.

D. CHECKING OF SEALS ON THE CONTROL UNIT

Before the votes recorded in any control unit of a voting machine are counted, the candidates or their election agents or their counting agents present at the counting table shall be allowed to inspect its serial number, the outer strip seal, the special tag, the paper seals and such other vital seals as may have been affixed on the carrying case and the control unit and to satisfy themselves that the seals are intact. The RO/Counting Supervisor shall also satisfy himself that none of the voting machines is tampered with. If the RO/counting supervisor are satisfied that any voting machines has in fact been tampered with, they shall not count the votes recorded in that machine and shall follow the procedure laid down in Rule 85 of Conduct of Election Rules in case of GHMC and in Rule 92 of Conduct of Election Rules, 2019 in case of Municipalities and Municipal Corporations as may be applicable in respect of the polling station where that machine was used.

E. COMPARISON OF THE SERIAL NUMBER OF THE PAPER SEAL

Remove the outer strip seal and the seal on the outer cover of the Result Section and open that cover. On opening the outer cover of the Result Section the Counting Supervisor will see the inner cover sealed with the special tag and seal of the Presiding Officer. Check this seal also. Even if the seal is not intact, the control unit could not have been tampered with if the paper seal is intact. In the inner cover of the Result Section, there will be a green paper seal. That serial number on the paper seal should be compared with the serial number as given in the paper seal account prepared by the Presiding Officer in Item No.9 of Part I of Form XXXVI of Account of Votes Recorded in case of GHMC and in Item 9 of Part I of Form XXXI in case of other Urban Local Bodies. Allow the candidates or their agents present at the counting table also to compare such serial numbers of the paper seal and special tag and satisfy themselves that the paper seal and special tag are the same which were fixed by the Presiding Officer at the polling station before the commencement of poll. If the serial number of the paper seal actually used in the control unit does not tally with the serial number as shown by the Presiding Officer in the paper seal account, it may be that, the paper seal account contains a mistake or there would be a prima facie suspicion that the voting machine has been tampered with. Decide the question by checking the serial numbers of the unused paper seals returned by the Presiding Officer and other relevant circumstances including complaints, if any, made by the candidates or their agents at the polling station. If the RO/Counting Supervisor finds it to be the case of clerical mistake, ignore the discrepancy.

F. CONTROL UNITS TO BE KEPT APART IF FOUND TAMPERED WITH

On the other hand, if the RO is satisfied that the voting machine has been tampered with, or is not the same which was supplied for use at that polling station, the machine should be kept apart and the votes recorded therein should not be counted. The RO should report the matter to the Commission by following the procedure mentioned in the following paras. Under the law, it is not necessary to adjourn the entire counting if any voting machine has been found by the RO to have been tampered with. The RO should, therefore, proceed with the counting in respect of the other polling stations.

6 (4). ASCERTAINING THE RESULT

After satisfying that the paper seal is intact, the control unit is the same as was supplied at the polling station and there is no tampering with the same, the votes recorded therein shall be counted by Counting Supervisor at Counting table. For counting of votes recorded in the machine, the following procedure should be followed:-

i. Switch 'ON' the control unit by pushing the power switch provided in the rear compartment to 'ON' position. The 'ON' lamp in the Display Section of the control unit will then glow green.
ii. Pierce the paper seal over the Result I Button provided below the upper aperture of the inner cover of Result Section.

iii. Press the Result I Button.

iv. At the Result I Button being so pressed, the total number of votes recorded for each candidate at the polling station shall be displayed automatically in the Display Panels of the control unit. Supposing, there are nine contesting candidates and the total number of votes polled at the 103 polling station is 758, the votes secured by each candidate will be displayed on the Display Panels. [N.B. Result II Button is not used as for a simultaneous poll a separate CU is used.]

v. Note down the above result as displayed sequentially candidate-wise in Part II - Result of Counting of in Form XXXVI in case of GHMC and in Form XXXI in case of other Municipal Bodies. If required, press the Result I Button again to enable the candidates and/or their agents to note down the above result. After the result has been noted, close the cover of Result Section and switch 'OFF' the Control Unit.

COMPLETION OF PART II - RESULT OF COUNTING OF FORM XXXVI IN CASE OF GHMC AND FORM XXXI IN CASE OF OTHER MUNICIPAL BODIES.

As the votes secured by each candidate are displayed on the Display Panels of the control unit, the counting supervisor should record the number of such votes separately in respect of each candidate in Part II - Result of Counting of Form XXXVI in case of GHMC and Form XXXI in case of other Municipal bodies. He should also note down in the said Part II of Form XXXVI whether the total number of votes as shown in that Part tallies with the total number of votes shown against Item 5 of Part I of that Form in case of GHMC and of Form XXXI whether the total number of votes as shown in that Part tallies with the total number of votes shown against Item 5 of Part I of that Form or any discrepancy has been noticed between these two totals. After completing that form in all respects, the counting supervisors should sign it. He should also get it signed by the candidates or their agents present at the counting table. After the counting supervisor has duly filled-in Part II of Form XXXVI and XXXI, signed it and got it signed by the candidates or their agents, he should handover that Form to the Returning Officer. The Returning Officer should countersign the Form after satisfying himself that the same has been properly filed and completed in all respects. The Form so countersigned by the Returning Officer should be sent to the officer who is compiling the final result and preparing the Final Result Sheet in Form XXX in case of GHMC and Form XXIV in case of other Municipal Bodies.

PREPARATION OF FINAL RESULT SHEET

The officer in-charge of compiling the final result and preparing the Final Result Sheet in Form XXX in case of GHMC and in Form XXIV in case of other Municipal Bodies should make entries on that Form showing the votes polled by each candidate polling station-wise strictly in accordance with the entries made in 'Part II Result of Counting' of Form XXX and XXIV in respect of each polling station. The number of tendered votes polled, if any, at a polling station should also be noted in the appropriate column in Form XXX in case of GHMC and in Form XXIV in case of other Municipal Bodies against the polling station concerned. Tendered

votes are not counted. The entries so made in Form XXX in case of GHMC and XXIV in case of other Municipal bodies in respect of each polling station should be announced so that the candidates and their agents may take note of the result of counting in respect of each polling station. Alternatively, RO may cause the entries made in the Final Result Sheet Form XXX in case of GHMC and Form XXIV in case of other Municipal Bodies to be written on a black-board. This will enable RO to proceed uninterruptedly with the counting of votes of other polling stations.

COMPLETION OF FINAL RESULT SHEET

After completion of counting the votes of Ward, the concerned RO shall prepare the Final Result Sheet in Form XXX in case of GHMC & Form XXIV in case of other Municipal Bodies. The number of votes polled by each candidate by means of postal ballot papers has also to be shown against the appropriate entry provided in that Form. After the total number of votes polled by each candidate at every polling station and also by means of postal ballot papers has been entered in the Final Result Sheet, strike thereon the grand total of the number of votes credited to each candidate, and also the grand total of postal votes. While striking this grand total, the entire Final Result Sheet should be carefully checked and it must be ensured that entries have been made therein in respect of each and every polling station and that the Form XXX in case of GHMC and Form XXIV in case of other Municipal Bodies is not incomplete in any respect. If the Commission has directed a fresh poll at any polling station, only the result of counting in respect of the fresh poll should be incorporated in the Final Result Sheet. The grand total should not be struck until the result of counting in respect of such fresh poll has been incorporated in the Result Sheet. The grand total should also be correctly struck as any incorrect totalling may materially affect the result of election and the declaration of result which has to be made on the basis of this Form. Any discrepancy in that Form will be very seriously viewed by the Commission and will invite severe disciplinary action.

7. ACTION TO BE TAKEN IN CASE OF MALFUNCTIONING OF ELECTRONIC VOTING MACHINES (EVM) DURING COUNTING OF VOTES

In the case of malfunctioning of an EVM during counting of votes, the following action to be taken. In case any Control Unit does not display result, it should be kept back inside its carrying case and then be kept in the Returning Officer's custody in the counting hall. Counting of votes in other machines should continue as usual in that Ward.

The Returning Officer shall try to retrieve the result from this machine, with the help of engineers of ECIL, using Auxiliary Display Unit (ADU) in the presence of candidates or their election agents. If the result can be retrieved by using an ADU, the result of the election can be declared accordingly.

In case, it is not possible to retrieve the result from the malfunctioned machine even by using ADU, then the returning officer should try to retrieve the result from the machine by taking a print out of the result with the help of

engineers of ECIL. If the result can be retrieved by using a printer, the result of the election can be declared accordingly.

In case it is not possible to retrieve the result from the malfunctioned machine even by using ADU or printer, then returning officer should try to retrieve from the DMM / SDMM, if new version EVMs are used in that Polling Station.

The result can be retrieved from DMM / SDMM by installing DMM /SDMM in any other working control unit. On pressing the Result II Button, "Memory changed" is displayed. Hold Result II button till 'BANK 2' message is displayed and result follows. After displaying the result, if printout is required, connect printer to CU DI port and press Result II Button again.

If the result from the malfunctioned machine cannot be retrieved even by using printer or DMM/SDMM, then the Returning Officer shall report the matter to the Commission for its decision and action may be taken as per the direction of the Commission. In all such cases, the Returning Officer and Observer should also send a detailed report to the Commission and also indicating the votes polled to each candidate and the margin of vote between the candidates having highest vote and the runner up and the votes polled in the malfunctioned EVM. In no case the machine should be opened, or its outer or inner seals disturbed in any manner. There should be no attempt to repair the machine. Replacement of any parts of the EVM in the field level is strictly forbidden.

After completion of counting, all the Control Units whether result has been retrieved from it or not should be kept back inside their respective carrying cases. The carrying cases should then be sealed once again. The Returning Officer and Observer should put their signatures on the seal. All candidates and their election agents should also be allowed to put their signature on the seal. The Control Unit should be then kept in the strong room (s).

8. ACTION TO BE TAKEN DURING COUNTING OF VOTES IN CASE PRESIDING OFFICER DOES NOT PRESS CLOSE BUTTON OF CU AT THE END OF POLL

In case a Presiding Officer is found to have not pressed the 'CLOSE' button of Control Unit at the end of poll, the following action should be taken during counting of votes in the presence of candidates/their authorised agents, under videography.

In case any Control Unit does not display result due to not-pressing of "Close" button by the Presiding Officer in the polling station at the close of poll, it should be kept back inside its carrying case and then be kept in the Returning Officer's custody in the counting hall. Counting of votes in other machines should continue as usual.

When counting of votes in other machines is completed, the Returning Officer and Observer should see whether the margin of votes between the first candidate and the runner up is more or less than the votes polled in such machine (s).

In both the cases where the margin of votes is more or less than the total votes polled in that machine (s), the Returning Officer/Counting Supervisor shall press the "Total" button of the Control Unit to see the total votes polled in that machine (s). In case, total votes polled in the machine (s) tallies with the total votes polled mentioned in the Form XXX in case of GHMC and Form XXIV in case of other Municipal Bodies, the Returning Officer/Counting Supervisor shall press the "Close" button of the Control Unit (s) so that "Result" button can be pressed for getting result data explaining the entire issue to the candidates and/or their authorised agents and recording a proceeding in this behalf with the signatures of the candidates/their authorised agents.

In case, total votes polled in the machine(s) does not tally with the total votes polled mentioned in the Form XXX in case of GHMC and Form XXIV in case of other Municipal Bodies, then the Returning Officer shall report to the Commission for its decision and action may be taken as per the direction of the Commission. In such a case, the Returning Officer and Observer should also send a detailed report to the Commission and also indicating votes polled to each candidate and the margin of votes between the candidates having highest votes and the runner up and the votes polled in the Control Unit.

After completion of counting, all such Control Units whether result has been retrieved from it or not, the Control Unit should be kept back inside its carrying case. The carrying cases should then be sealed once again. The Returning Officer and Observer should put their signatures on the seal. All candidates and their election agents should also be allowed to put their signature on the seal. The Control Unit should be then kept in the strong room (s).

The aforesaid instructions should also be brought to the notice of all Political Parties and contesting Candidates in advance.

9. MANDATORY VERIFICATION OF VVPAT PAPER SLIPS

To create confidence among Stake-holders, it is to establish that candidate wise votes polled/recorded in a EVM (CU) are equal to that of candidate wise voter slips count. For that a randomly selected Polling Stations has to be taken as unit. In that polling station(s) after the completion of counting of votes recorded in Control Unit, all the voter slips have to be segregated and counted candidate- wise and to be compared with Result shown on Control Unit i.e., Candidate-wise votes polled/recorded in CU of that Polling Station. Both shall tally in number.

In this connection atleast 10% (or) minimum of one polling station shall be made mandatory to count the VVPAT voter slips, segregate candidate wise votes polled and compare with the number of votes polled to each candidate in Control Unit of that polling station

The following procedure shall be followed in case it is decided to count the printed slips of VVPAT:

(a) VVPAT unit(s) of the respective polling station(s) shall be brought to the Counting table(s).

(b) Address tag(s) of the drop box of the VVPAT unit(s) shall be cross checked to ascertain that it actually pertains to the same polling station, address tag of VVPAT unit should be removed and ballot paper slips shall be taken out from the drop box. Care should be taken that no printed paper slip is left in the drop box. Empty drop box should be shown to all counting agents.

(c) in case a VVPAT unit was replaced during poll at any polling station, all the VVPAT units used at the polling station should be brought to the counting table and printed paper slips from all of them should be taken out before beginning the counting of printed slips for that polling station.

(d) In case a VVPAT unit was replaced, it may so happen that an uncut fully or partially printed paper slip is hanging and has not got cut and dropped in the drop box and still connected to the paper roll. This uncut printed paper slip should not be torn and should not be counted because the vote does not get recorded electronically in the CU unless the printed paper slip is cut. In such an event the last voter whose printed paper slip was not cut would have been given an opportunity to cast his vote after replacement of VVPAT and the printed paper slip of the vote cast by him shall be in the next VVPAT printer used in that polling station.

(e) The drop box of the VVPAT printer will also have slips of self test report. These are easily identified, as they do not have either the name or the symbol of any candidate and are of larger length. These self-test report slips are to be preserved along with the printed-paper slips as part of the record but they are not to be counted.

(f) Counting trays will be prepared to put ballot paper slips of the respective candidates.

(g) After all the ballot paper slips are put in the respective Counting trays, bundles of 25 paper slips of respective candidates will be prepared for counting purpose.

(h) Printed-paper slips will then be counted candidate wise by the counting staff and same will be recorded in Part II of Form XXXI (Accounts of Votes Recorded) where VVPATs used in case of Municipalities & Municipal Corporations (Except GHMC) and Form-XXXVI in case of GHMC where VVPATs are used.

(i) The result of the count of Paper slips will be announced loudly in the counting hall and shown to the counting agents.

(j) <u>If there is discrepancy between the count of votes displayed on the control unit and the count of printed-paper slips</u> in respect of any Polling Station, the result sheet will be amended as per the printed-paper slips count.

(k) The Returning Officer shall announce the amendments so made by him and declare the result.

10. RECOUNT

Normally, there will be no question of recount of votes recorded in the voting machines. Every vote recorded by the voting machine is a valid vote and no dispute will arise as to its validity or otherwise. At the most, some candidates or their agents may not have noted down properly the result of voting at any particular polling station when the control unit displayed that information. If necessity arises for re-verification, the same can be done by pressing the Result

Button on CU, whereupon the result of voting at that polling station will again be displayed in the Display Panels of that control unit.

Despite the necessity for recount being totally eliminated by the use of voting machines, the provisions relating to recount contained in Rule 60 of the Conduct of Election Rules, 2019, still apply. Accordingly, when the counting is completed and the Final Result Sheet in Form - XXX in case of GHMC and in Form - XXIV in case of Municipalities and Municipal Corporations has been prepared, RO should announce the total number of votes polled by each candidate as entered in the Final Result Sheet. RO should then pause for a minute or two. If during this period any candidate or, in his absence, his election agent or any of the counting agents, asks for a recount, RO should ascertain from him as to how much time he would require for making an application for recount in writing. If RO consider that the time applied for is reasonable, allow it and announce the exact hour and minute upto which RO will wait for receiving the written application for recount. RO should not sign the Final Result Sheet in Form XXX in case of GHMC and in Form - XXIV in case of Municipalities and Municipal Corporations until after the expiry of the time so announced.

When an application for recount is made, RO should consider the grounds urged and decide the matter. RO may allow the application in whole or in part, if it is reasonable or RO may reject it in toto, if it appears to RO to be frivolous or unreasonable. Your decision will be final, but in every case RO should record a brief statement of your reasons for your decision.

If in any case, RO allow an application for recount either wholly or in part, RO shall have the votes recorded in the voting machines counted over again in accordance with your decision. The postal ballot papers will also be counted over again, if so decided by RO. After the recount, correct the final result sheet to the extent necessary. Announce the amendments so made, if any, by RO. After the total number of votes polled by each candidate after recount has been announced by RO, complete and sign the Result Sheet.

As a Returning Officer, your duty is to count accurately the votes and RO has therefore always the right to order your staff to recount the votes. But the right of a candidate to demand a recount under Rule 60 does not mean that recount can be granted for the mere asking. The party demanding recount has to make out a prima facie case that the return was not accurate and recount is necessary in the interest of justice.

It would be unreasonable to demand second recount if the first recount showed only minor variations from the first count and at the same time showed a very substantial majority in favour of one candidate. On the contrary, it would be reasonable to demand further recount where the margin between first two candidates is close and where previous recount has shown differing results.

But RO would be justified in refusing a further recount when the previous recount showed the same result even if the difference between the contesting candidates may be very small.

[N.B. No candidates has a right to demand a recount after RO have completed and signed the Final Result Sheet. Reject any demand for any recount of votes after RO have completed and signed the Final Result Sheet.]

11. ADJOURNMENT OF COUNTING

RO should proceed with the counting at each place continuously. In case RO has to suspend or adjourn the counting before its completion for any unavoidable reason, seal up all the voting machines and also all other papers relating to elections. Allow every candidate or his agent, if he so desires, to place his seal on every voting machine and packet, etc., in which the election papers are kept.

[N.B. It is preferable to keep all the sealed voting machines and packets, etc., in a separate room and have the room sealed and secured with your seal and the seals of candidates or their agents. Alternatively, the candidates may put their own locks in addition to yours on such room.]

12. POWER OF OBSERVER TO STOP COUNTING

Under Section 237 of the Telangana Municipalities Act, 2019, the Observers appointed by the State Election Commission to watch the conduct of election have the power to direct the Returning Officer to stop the counting of votes at any time before the declaration of result or not to declare the result, if in their opinion booth-capturing has taken place at a large number of polling stations or at the counting place or the ballot papers are unlawfully taken out of the custody of the Returning Officer or are accidentally or intentionally destroyed or lost or damaged or tampered with. The election proceedings in such cases shall proceed further in accordance with such directions of the State Election Commission as it may issue on the reports of the Observers and after taking all material circumstances into account.

13. PROCEDURE TO BE FOLLOWED IN CASE OF DESTRUCTION, LOSS, ETC., OF VOTING MACHINES BEFORE COMPLETION OF COUNTING

The Commission is competent to direct, after taking all material circumstances into account, the counting of votes to be stopped and, if necessary, order fresh poll if it is reported by the Returning Officer before completion of the counting of votes that the voting machine used at a polling station has been,-

i. unlawfully taken out of his custody, or
ii. accidentally or intentionally destroyed or lost, or
iii. damaged or tampered with, to such an extent that the result of the poll at that polling station cannot be ascertained. If any such occasion arises, RO should forthwith report full facts of the case to the Commission and await its directions in regard to the counting of votes.

14. PROCEDURES TO BE FOLLOWED IN THE CASE OF BOOTH- CAPTURING AT THE COUNTING CENTRE

Under Section 229 of Telangana Municipalities Act, 2019, if booth-capturing takes place at any place of counting in such a manner that result of the counting at that counting centre cannot be ascertained, the Returning Officer shall forthwith report the matter to the State Election Commission.

On receipt of the report of the Returning Officer, the Commission shall, after taking all material circumstances into account, either direct a re-poll at the affected polling stations or countermand the election. Therefore, once RO has reported the matter to the Commission, under Section 229 of the Act, await for the directions of Commission in this regard and proceed further according to its directions when received.

15. COUNTING AFTER REPOLL

If any re-poll has been held at a polling station in accordance with the directions given by the Commission, RO should fix the date, time and place for counting the votes recorded in such re-poll and give notice of the same in writing to every candidate or his election agent. RO should follow the same procedure as detailed above for such further counting as far as it is applicable.

16. RESEALING OF VOTING MACHINES AFTER COUNTING

After the result of voting recorded in a control unit has been ascertained candidate-wise and entered in Part II - Result of Counting of Form XXIV in case of Municipalities & Municipal Corporations and of XXX in case of GHMC and in the Final Result Sheet in Form XXIV and Form XXX, the control unit is required under Rule 95 of the Conduct of Elections Rules, 2019, to be resealed with the seal of the Returning Officer and the seals of such of the candidates or their election agents who may desire to affix their seals thereon. The resealing has however to be done in such a manner that the result of voting recorded in the control unit is not obliterated and the unit retains the memory of such result.

The aforesaid resealing of control units should be done in the following manner:

i. Remove the battery from the Candidate Set Section of the control unit by removing the seal. After the removal of the battery, the cover of the Candidate Set Section should be resealed.

[N.B. Removal of the battery is necessary so that it does not leak with the passage of time and damage the machine. Removal of the battery will not however obliterate the result of voting recorded in the control unit as the unit will retain its memory even without the battery.]

ii. Close the outer cover of the Result Section and reseal it.
iii. Keep the control unit so resealed in its carrying case.
iv. Reseal the carrying case.
v. Attach firmly to the handle of the carrying case an address tag containing the following particulars:-

a) particulars of the election;
b) name of the Ward;
c) the particulars of polling station where the control unit has been used;

d) serial number of the control unit;
e) date of poll;
f) date of counting;

The control units so resealed should be kept in specially prepared bigger boxes for safe storage.

The balloting units must have been received by RO from the polling stations duly sealed and secured in their carrying cases by the respective Presiding Officers. Normally, these units will not require to be opened at the time of counting. If any balloting unit is taken out of its carrying case for inspection or verification at the time of counting, it should be kept back in its carrying case after such inspection or verification and sealed.

The balloting units should also be kept in specially prepared bigger boxes for safe storage. All the control units and the balloting units used at the election are thus ready for transportation to the place of storage.

17. SEALING OF CONTROL UNITS AND VVPAT UNITS

After the result is announced, whether the printed paper slips of VVPAT were counted or not, the printed paper slips will be taken out of the drop box of the VVPAT Printer unit and stored in the following manner –

a. The printed-paper slips shall be kept in a paper envelope made of thick black paper. The envelope shall be sealed with red wax with the bilingual secret seal of the Returning Officer for sealing of the documents. Following shall be written on the envelope –

I. The name of election and year.
II. The number and name of the Ward;
III. The particulars of polling station in respective boxes;
IV. Unique serial number of the Control Unit & VVPAT units in respective boxes;
V. Date of poll; and
VI. Date of counting.

b. These Plastic boxes shall be kept with all the statutory documents relating to that election till the statutory time limit for filing an election petition is over or in case where an election petition is filed till the final disposal of the election petition by a competent Court. The plastic boxes shall not be opened or destroyed without obtaining the permission of the Commission.

c. The VVPAT printers after taking out the printed paper slips shall be kept in a separate strong room and should not be kept in the strong room where EVMs are stored, so that even if there is any election petition is filed from any of the constituencies, the VVPAT units can be taken out for use, if required, without opening the strong room having EVMs.

d. It should be ensured that the Thermal Paper Roll and Battery (Power Pack) are taken out from the VVPAT, before keeping the VVPAT units in the Strong Room.

The Power Pack and Paper Roll for use in the VVPAT is supplied by the manufacturer; therefore three sets of these materials may be procured from the manufacturers. Apart from this adequate numbers of black paper envelope and plastic boxes may also be procured for storing the Printed Paper Slips of VVPAT after counting of votes for each polling station irrespective of whether these printed slips have been counted or not.

18. SAFE CUSTODY OF VOTING MACHINES

Under Rule 97 and Conduct of Elections Rules, 2018, the voting machines sealed as above under Rule 95 shall be kept in the safe custody of the District Election Authority or the Officer authorized by him and as per Rule 98 (2) of above Rule shall not be opened or inspected by or produced before any person or authority except under the orders of a competent court. The machines so sealed shall be retained intact for such period as the Commission may direct and shall not be used for next election without the prior approval of the Commission under of Rule 99 of the said rules.

19. SEALING OF OTHER ELECTION PAPERS FOR ENSURING SAFE CUSTODY

Apart from the voting machines, there are several other important election papers which require to be sealed and secured for safe custody and storage. Under Rule 98 (1) of the Conduct of Elections Rules, 2019, the packets of election papers specified therein shall not be opened and their contents shall not be inspected by, or produced before, any person or authority except under the order of a competent Court. Special care has thus to be taken for the safe custody of these papers. These papers are as follows where voting machines are used:-

i. the packets of Registers of Voters in Form XXVIII (in case of Municipalities and Municipal Corporations, in Form XXXIV (in case of GHMC) including the voter slips and Account of votes recorded in Form XXXI(in case of Municipalities & Municipal Corporations and in Form XXXVI (in case of GHMC).
ii. the packets of unused postal ballot papers with counterfoils attached thereto;
iii. the packets of used postal ballot papers whether valid, or rejected (including the packets in which covers containing postal ballot papers received late are kept);
iv. the packets of the counterfoils of used postal ballot papers;
v. the packets of used and unused tendered ballot papers;
vi. the packet of unused (surplus) ballot papers (printed for display on balloting units and for use as tendered ballot papers);
vii. the packets of the marked copies of the electoral roll; and
viii. the packets of the declarations by electors and the attestation of their signatures;
ix. the packets of the paper slips where printer for paper trail is used;

In view of the important nature of these election papers also be sealed with the seal of the Returning Officer.

The papers mentioned at items (iii) and (viii) above shall be made into packets at the time of counting. Such packets shall be sealed immediately after the counting of the votes is over. You should point out to the candidates or their agents present that it is in their own interest to affix their seals on these packets to avoid any possibility of tampering with these packets.

The packets of papers mentioned at items (i), (v) and (vii) in the above para above will be received from the Presiding Officers of the polling stations in duly sealed packets. As these packets are not required for any purpose at the time of counting of votes, each of them should be immediately sealed with the seal of the Returning Officer as soon as they are received at the receiving centre and placed in steel trunk(s).

RO should put a responsible Officer-in-Charge for the supervision of the sealing of all packets. Otherwise, there is possibility of important election papers going astray which would create complications and confusion if and when a competent Court orders the production of these papers.

Each steel trunk shall be locked with two locks and each lock shall be sealed.

20. DRAWING UP OF PROCEEDINGS

After the sealing of the voting machines and election papers at the counting place after the counting of votes, RO should draw up proceedings mentioning therein:-

i. the full particulars of the candidates/agents present in the counting hall;
ii. the fact that they were asked to affix their seals on the voting machines and packets of election paper, if they so desired; and
iii. the particulars of persons who had affixed their seals on the voting machines and packets and the particulars of those persons who had refused to do so.

Then, RO should sign the proceedings and obtain on it the signatures of such of the candidates/ agents as are present and willing to sign. The proceedings should be put inside an envelope which should be sealed and the sealed envelope be kept along with the packets of election papers.

21. SAFE CUSTODY OF ELECTION RECORDS BY DISTRICT ELECTION AUTHORITY

Immediately after the declaration of result of the election, on the same day and, in any case not later than the noon of the following day, all the voting machines and the sealed trunks(s) containing the packets mentioned in above paras should be dispatched to the District Election Authority or the Officer authorised by him at his headquarters and on receipt of the voting machines and the sealed trunk(s) the District Election Authority should forthwith arrange to deposit them for safe custody in the Treasury/Sub-treasury under double lock.

The key of one of the locks of each trunk will be entrusted to the Treasury Officer or an Officer in the Treasury/Sub-treasury authorised under the Treasury Code and the key of the other lock of each trunk should be kept by the District Election Authority himself or a senior officer nominated for the purpose by the District Election Authority.

The armed police guard posted at the room where the voting machines are stored before the counting of votes, should not be removed after the counting is over, but should continue to keep guard of the room till the transport of the voting machines and election records to the District Headquarters. As far as possible, the same guard should be used for protection during the transport also, and this fact should be mentioned in the log book maintained by the guard.

22. DECLARATION OF RESULT

After RO have obtained the necessary approval of the Commission, wherever required, to declare the result, RO should complete and sign the Final Result Sheet in Form XXIV in case of Municipalities and Municipal Corporations and in Form XXX in case of GHMC. The candidate to whom the largest number of valid votes have been given should then be declared elected.

23. EQUALITY OF VOTES:

If two or more candidates contesting any seat happen to secure the highest number of votes and their votes are equal in number, the result will have to be decided by lot.

Example: If in a Ward of Municipality/Municipal Corporation, if A, B, C and D are the contesting candidates and the total number of votes they have secured is as follows:

A.1270
B.17567
C.17567
D.16394

A lot will be drawn between B and C who have each polled the highest number of votes and which are equal. The name of whichever of them is drawn will be declared elected treating as if the candidate on whom the lot falls had received the additional vote under Rule 61 of Municipalities and Municipal Corporations (Conduct of Election) Rules,2019 in case of Municipalities and Municipal Corporations and under Rule 64 of GHMC Act,1955.

While drawing lots among the names of the candidates who polled equal number of votes, the Returning Officer should write each candidate's name on 5 slips of the same colour and size of the paper and all those slips should be folded tightly twice and then jumbled to make them mix beyond recognition. After such mixing, the Returning Officer should draw the slip. The candidate, whose name is found on the slip shall be shown to all the candidates and their agents very clearly before declaring him/her to have been elected. This entire process shall be videographed. Forms of Register of Voters i.e. Form-XXVIII(in case of Municipalities and Municipal Corporations), Form XXXIV (in case of GHMC) and Forms of Account

of Votes Recorded i.e. XXXVI (in case of GHMC) and Form XXXI (in case of Municipalities and Municipal Corporations) are enclosed as Annexure IA,IB,IIA & IIB.

The diagram showing the counting hall arrangements is as appended as Annexure – III or ready reference.

Instructions issued in this regard shall be followed scrupulously.

CIRCULAR

No. 621/TSEC-ULB/2022 Dt:11.07.2022

Sub:- TSEC – Conduct of Elections to Urban Local Bodies with EVMs & VVPATs– Instructions on conducting MOCK POLL where EVMs with Voter Verifiable Paper Audit Trail System (VVPAT) are used – issued – Reg.

***

Where elections are conducted using EVMs with Voter Verifiable Paper Audit Trail System (VVPAT), with a view to satisfy the candidates and their Agents present at the poll that the voting machine is in perfect working order and that no votes have already been recorded in the machine, the Presiding officer should conduct MOCK POLL.

In view of the above, the following detailed instructions are given to conduct MOCK POLL when EVMs/VVPATs are used.

During the mock poll in the polling stations, the Ballot Unit(s) and VVPAT Printer Unit should be placed in the Voting Compartment and Control Unit and VVPAT and its status display unit i.e., VSDU on the table of the Presiding Officer/Polling Officer who will operate the Control Unit after being properly connected and also watch continuously during poll process and immediately inform to Presiding Officer if any error noticed. During Mock Poll one polling Officer should be present in the Voting Compartment along with polling agents to watch operations on the Ballot Units and the printed ballot slips by the VVPAT Printer Unit.

First, The Presiding Officer shall show to all the polling Agents/Candidates present that all counts have been set to ZERO by pressing the 'Clear' button in the Result Section of the Control Unit. On pressing this button, the display panels will show that the number of votes recorded for each candidate as ZERO.

Then the Presiding Officer shall conduct a mock poll by recording a few votes at random for each of the contesting candidates. These votes may be recorded by asking each of the Polling Agents present to press any of the candidates' buttons on the Ballot Unit according to their own choice and the count to be recorded manually.

The Presiding Officer shall then press 'Close' button to end the mock poll.

Thereafter, at the first step the Presiding Officer shall show the result of mock poll to all the polling Agents/Candidates present. Result of the mock poll can be ascertained by pressing the button marked 'Result 1' in older version of machines, "Result" in the new version of machine in the Result Section of the Control Unit. Once that button being pressed, the display panels will show the number of votes

recorded for each candidate sequentially beginning with the contesting candidate number 1. The candidate wise votes polled as per the control unit shall tally with the Physical count of candidate wise votes polled by agents.

After the result has been ascertained and tallied, the machine should again be cleared by the Presiding Officer and all counts will be set to ZERO by pressing the 'Clear' button. This is a very essential step and in this and the Presiding Officer must not fail. Then the Presiding Officer shall show to all agents present that the machine has no vote.

Then at the second step, the Presiding Officer shall remove all printed (ballot) slips from the drop box of VVPAT Unit and count them candidate wise. This count shall tally with the votes polled by each candidate in the control unit. This creates the confidence among the stake holders on the functioning of EVM and VVPAT.

After that, these printed-paper slips of the mock poll shall be kept in an envelope made of thick black paper. This envelope will be sealed with the seal of the Presiding Officer. The Presiding Officer and the polling agents present shall put their signatures on the envelope. The number and name of the polling station and number and name of the Ward along with the date of poll shall be written on the Envelope. Words – "Printed Paper Slips of Mock Poll" shall also be written on the envelope. The envelope shall then be kept in the special plastic box provided for the purpose. The plastic box shall be sealed with a Pink Paper Seal placed all around in such a manner that opening of the box shall not be possible without breaking the seal. The number and name of the polling station and number and name of Ward along with the date of poll shall be written on the plastic box. The presiding Officer and Polling Agents present shall put their signatures on the pink paper seal. This plastic box containing printed paper slips of the mock poll shall be kept along with other documents relating to elections by the Returning Officer and shall be preserved till the period of filing of Election Petition is over or in case when election petition is filed, till its disposal by a Competent Court. Polling Agents present will be allowed to verify that the drop box of VVPAT Unit is empty. Thereafter, Presiding Officer will prepare and sign the Mock Poll Certificate in the format enclosed as (Annexure-I) and seal the Control Unit as per procedure laid down in the Presiding Officer's Handbook.
Mock poll is a very critical step and it should be emphasized during training-

Observer should visit maximum number of polling stations during the MOCK POLL on the poll day to check that everything is being done in the manner prescribed by the Commission.

After that, the Presiding Officer shall also prepare the VVPAT system as under-

i) The lower part of the VVPAT unit i.e. drop box shall be sealed with the Address Tag before actual poll starts.
ii) After that BU and VSDU shall be connected to the VVPAT printer and connect the VVPAT printer to the Control Unit.
iii) Switch ON the Control Unit, after making all connections.

Complaint about incorrect printing of particulars on paper slip:

Rule 80 of Conduct of Election Rules, 2019 stipulates the procedure for this as follows.

(i) Where printer for paper trail is used, if an elector after having recorded his/her vote under Rule 79 of Conduct of Elections Rules, 2019 alleges that the paper slip generated by the printer has shown the name or symbol of a candidate other than the one he/she voted for, the presiding officer shall obtain a written declaration from the elector (Form of declaration Annexure –II) as to the allegation, after warning the elector about consequence of making a false declaration.

(ii) If the elector gives the written declaration referred to in sub-rule (1), the presiding officer shall make a second entry relating to that elector in Register of Votes in Form XXVIII and permit the elector to record a test vote in the voting machine in his presence and in the presence of the candidates or polling agents who may be present in the polling station, and observe the paper slip generated by the printer.

(iii) If the allegation is found true, the Presiding Officer shall report the facts immediately to the Returning Officer and stop further recording of votes in that voting machine and act as per the direction that may be given by the Returning Officer.

(iv) If, however, the allegation is found to be false and the paper slip so generated under sub-rule (1) matches with the test vote recorded by the elector under sub-rule(2), then, the Presiding Officer shall –

(a) Make a remark to that effect against the second entry relating to that elector in Form XXVIII (Register of Voters) mentioning the serial number and name of the candidate for whom such test vote has been recorded;
(b) Obtain the signature or thumb impression of that elector against such remarks; and
(c) Make necessary entries regarding such test vote in item 5 in Part I of Form XXXI (Account of Votes Recorded)

Action in case of certain contingencies during poll:

Some contingencies may arise during the polling process, which may require certain actions. These are as follows–

a. In case the CU or the BU does not work properly replacement of the whole EVM including CU, BU and VVPAT is required. Fresh mock-poll is also required to be done on the replaced set of CU, BU and VVPAT, following the same procedure as it was done earlier, prior to start of actual poll. The printed paper slips of the mock-poll shall be taken out and kept in the Black Envelope and shall be kept in the same plastic box, in which printed paper slip of mock-poll done prior to start of actual poll are kept.

b. In case the VVPAT status display unit (VSDU) is showing "Low Battery", the power pack battery of VVPAT should be replaced. It should be ensured that before taking out the power pack battery of VVPAT, control unit must be switched OFF and after installing new power pack battery in VVPAT, Control Unit should be switched ON. Control Unit should not be switched ON without installing power pack in VVPAT.

c. In case there is any other error, like "Paper Low" error, the VVPAT will stop printing and the error shall be displayed on the VSDU. In such case the VVPAT unit is to be replaced (No mock-poll is required to be taken, if only VVPAT is replaced). It should be noted that vote is not recorded in the CU electronically unless the paper slip has been printed by VVPAT and also has been cut so that it falls in the drop box. Therefore, if VVPAT has not printed the paper slip, or the printed paper slip has not been cut, the last voter whose paper slip has not been printed by VVPAT or has not been cut should be allowed to cast his vote after the VVPAT has been replaced. In case the printed paper slip has not been cut and is hanging from the paper roll, no effort should be made to make it fall into the drop box. It should be allowed to remain hanging as it is not to be considered at the time of counting of the printed-paper slips. The details of such occurrences should be clearly recorded in the Presiding Officers dairy in the following format:-

(i) The date and time of the occurrence.
(ii) The name of the voter and his serial number in the part in the electoral roll, who was allowed to cast his vote after replacement of VVPAT.
(iii) Whether the voter cast his vote after replacement of VVPAT or went away without casting his vote.
(iv) Total number of votes cast before the occurrence.

The Power Pack and Paper Roll for use in the VVPAT are supplied by the manufacturer. Therefore required number of sets of these materials may be procured from the manufacturers. Apart from this, adequate numbers of black paper envelopes and plastic boxes may also be procured for storing the Printed Paper slips of VVPAT for each polling station irrespective of whether these printed slips have been counted or not.

The above instructions shall be brought to the notice of all concerned.

(BY ORDER AND IN THE NAME OF THE STATE ELECTION COMMISSIONER)
