I invite your attention to the reference 3rd cited, (copy enclosed) which is self explanatory.

The Government, vide reference 1st cited, accorded administrative sanction for an amount of Rs. 320.00 Lakhs towards construction of own building to Telangana State Election Commission in Sy. No. 91 of Gachibowli (village), Serlingampally (Mandal), Rangareddy District.

Later, the Government, Vide reference 2nd cited, revised the above administrative sanction for Rs. 1435.00 Lakhs.

The construction work was entrusted to the "Telangana State Medical Services and Infrastructure Development Commission" (TSMSIDC) in the year **2016**. As reported by the Managing Director, TSMSIDC the work is divided into three phases and presently second phase is nearing completion and tenders have to be called for the last phase of work for which an estimated amount of Rs. 580.42 Lakhs is required. For this an amount of Rs. 418.30 Lakhs is available out of the revised administrative sanction of Rs.1435.00 Lakhs and for the balance Rs.162.12 Lakhs the Managing Director, TSMSIDC requests for necessary permission from the Government, to utilize the less tender premium in earlier two phases of works. (The details are mentioned in the reference 3rd cited, copy enclosed).

I would like to emphasize that the foundation stone for this building was laid by Sri K.T. Rama Rao Garu, Hon'ble Minister for Municipal Administration Urban Development & IT on 29.08.2016 and five years have already elapsed in completion of building due to various reasons.

Hence it is requested to see that the permission is accorded to TSMSIDC as early as possible for utilizing the less tender premium of Rs. 162.12 Lakhs available within the sanctioned amount of Rs. 1435 Lakhs vide reference 2nd cited to enable them to call for the tenders for the balance works and to complete the work at least by April 2022.

This may be treated as specially urgent,

Regarding the interiors, tenders are invited by TSMSIDC as per the estimates submitted by M/s Mape Connoisseurs, Architects. The last date for receiving tenders is 5.7.2021. The estimated value of the tender is 330 lakhs of ECV.

Reviewing the progress, the State Election Commissioner instructed to close the first agency recording his balance payment due if any.

The SEC observed that 2nd agency works are not upto the mark and requested to speed up the works to avoid delay as the project is already delayed. Replying, the Superintendent Engineer, TSMSIDC stated that once the interiors tenders are finalized, the 2nd agency and 3rd agency works will be taken up simultaneously as they are inter linked.

Then the SEC enquired about the parking capacity of the cellar. The Executive Engineer, TSMSIDC stated 14 four wheelers and 25 two wheelers can be parked in the cellar. SEC expressed his dissatisfaction and stated whenever SEC convenes meetings of political parties representatives (or) senior Officers of the government, District Panchayat Officers / Mpl.Commissioners/ Chief Executive Officers at least 40 to 50 vehicles will be coming. Hence, requested the engineers to plan additional parking space. The Executive Engineer, TSMSIDC stated that all along the internal CC roads inside the compound wall 10 four wheelers can be parked, in addition some vehicles can be parked in road margin outside the building.

After seeing the site plan, SEC instructed that some part of the space available in between office building and staff quarters shall be developed as parking place without disturbing the greenery which is planned earlier in this place.

The SEC also suggested to have smaller second gate at north – east corner so that the employees residing in quarters can utilize it. The designs for compound wall and gate were also finalized by the SEC.

Further, the SEC enquired about the funds position. Superintendent Engineer, TSMSIDC explained that so far 4.58 crores are spent on the project out of the administrative sanctioned amount of Rs.14.35 crores. In this financial year, 3 crores budget provision is made.

SEC instructed the engineers to speed up the works and to utilize the 3 crores budget by August, 2021 ending so that we can request the government for balance Rs.8 crores.

Thanking all the participants, the Secretary, TSEC requested the TSMSIDC Engineers to see that total works are completed by targeted date i.e, mid of October, 2021 so that building inaugural function can be taken up inviting VVIPs in October-2021 itself.

All concerned.

MINUTES OF THE MEETING HELD WITH TSMSIDC OFFICIALS AND CHIEF CONSULTANT (INTERIOR DESIGNS) ON NEW TSEC OFFICE BUILDING UNDER CONSTRUCTION AT GACHIBOWLI HELD ON 22.11.2021

The meeting was chaired by Sri C Partha Sarathi, IAS (Retd), State Election Commissioner, Telangana.

The following Officers participated in the meeting:-

TSEC:

1. Sri M.Ashok Kumar, Secretary, TSEC
2. Sri S.Vishnu Prasad, JD (PR), TSEC

TSMSIDC:

1. Sri Surender Reddy, Superintendent Engineer
2. Sri Subba Rao, Executive Engineer (Civil works)
3. Executive Engineer (Electrical)
4. Dy.Executive Engineer (Civil)

MAPE CONNOISSEURS:

1. Sri Milind, Chief Consultant (Interior & Architect)

At the outset, the State Election Commissioner, Telangana expressed his dissatisfaction at the progress of work and for not calling/finalizing the tenders for interiors and other balance works. The Executive Engineer (Civil), TSMSIDC explained that during scrutiny of the rates quoted by the Chief Consultant for interior works, it is noticed by the Chief Engineer, TSMSIDC that for some items though SSR rates are available, they were not quoted and for some items of works where SSR rates are not available, the market rates quoted by the agency are too high. Clarifying the issue, Mr.Milind, Chief Consultant from M/s MAPE Connoisseurs has explained that he has quoted the market rates for those items where no SSR rates are specified duly calling three tenders for each and adopted the lowest tender. He has further clarified that he is ready to revise and adopt the SSR rates for any items where market rates are adopted in his quotation if they are available in SSR.

Intervening the discussions, the SEC, Telangana clarified that as 'user department', the State Election Commission has interest to see that the building is completed as early as possible and they are not connected with all these technical matters. The SEC can create a platform to bring all stake holders together to sort out such issues.

Finally, both TSMSIDC and Interior Consultancy have opted that their lower staff will sit together for two days and verify each item and sort out the issues. Even in case of rates quoted for those works where no SSR rates are available, they will study the

prevailing market rates once again and finalize the items by the end of this month so that the Chief Engineer can call for the tenders for balance works in the first week of December, 2021.

Further Superintendent Engineer, TSMSIDC has stated that originally the total administrative sanction for the building is Rs.1435 lakhs. First agency work is for 725 lakhs, second agency work is for Rs.320 lakhs and 390 lakhs was earmarked for 3rd agency i.e, the tenders to be called for now. But the estimates prepared for 3rd tender are for 548 lakhs. Since there are 28 lakhs as savings, total available amount is 418 lakhs (390 lakhs + 28 Lakhs =418 Lakhs). The difference amount is 130 lakhs (548 lakhs – 418 lakhs). Though technically 130 lakhs is less amount, there are savings of 167.91 lakhs (1st agency) and 25.3 lakhs (2nd agency) totaling to Rs.193.22 lakhs due to less tendering in earlier two phases. Hence, the government sanction is required for revised administrative sanction to proceed for inviting tenders for the balance works.

The SEC advised the Superintendent Engineer to send the proposals accordingly for revised administrative sanction from the government without wasting much time. The Executive Engineer promised that the proposals will be submitted within 3 days explaining the facts in detail.

To avoid delay in completion of works, the Executive Engineer suggested that the balance works may be divided into two phases. In first phase, we will call for tenders within the budget / sanction available and continue the work. For the balance works, once the revised administrative sanction is received from the Government, the tenders may be called for.

The SEC advised the Engineers & Chief Consultant for interior works to study the feasibility of the proposal and come to a conclusion. But he warned that due to change of agency, there shall not be any compromise on the quality of the work and it should be kept in mind while taking a decision.

Concluding the meeting, the SEC instructed the participants to stick on to the time lines at least now and see that the work is completed in this financial year itself.

Further, bribing the voters by offering liquor to gain unfair edge is an election offence under Sec. 171-B and 171-E of IPC and also a corrupt practice under Sec. 17(1) of Greater Hyderabad Municipal Corporation Act, 1955 and 205 (1) of Telangana Municipalities Act, 2019.

The State Election Commission is of the view that in order to conduct elections to Municipal Corporations and Municipalities in a free, fair and peaceful manner, it has to exercise all the powers within its reach to control the flow of liquor which is widely used as an inducement to garner votes illegally. During elections, representations and suggestions are often received from general public, political parties, NGOs and the Press to take strong measures to curb the role of liquor in the Urban Local Body elections, which are keenly fought.

Keeping all these factors in view and in order to hold elections to Municipal Corporations and Municipalities in a free, fair and peaceful environment, the State Election Commission in exercise of the powers conferred on it under Articles 243K and 243ZA of the Constitution of India, hereby, issues the following instructions to curb the role of liquor in the elections to the above said Municipal Bodies.

4. Stock Limits of Licensed Stockists should, in no case, be allowed to exceed permissible limits. All major stock points should be placed under video surveillance for round the clock check and excise pickets with Police help be posted at these points.

5. Daily receipt and offtake of retail sellers should be monitored. Excise Department officials should submit it every evening to the Commissioner & EA, GHMC in case of GHMC and in case of elections to other Urban Local Bodies to Collector & DEA concerned to facilitate both preventive and corrective actions.

6. Opening and Closing time of Liquor Vending Shops must be meticulously followed.

7. Checks shall be conducted to unearth the stocks of black jaggery and its derivatives that are used as ingredients for production of illicit liquor.

8. Intensive vigil over movement of vehicles from the areas bordering the areas of the said ULBs at RTO Check Posts and also movement of vehicles within the said ULBs areas by Excise staff should be kept by special enforcement staff under the State Excise Department who are deputed round the clock from the date of notification till the completion of Poll/Repoll. For effective checking of the vehicles, assistance of transport department may be obtained and joint checking of vehicles by excise and transport officers may be carried out.

9. Co-ordination among Excise Department officials of the said ULBs area and also areas bordering the said ULBs is essential for monitoring movement of IMFL, Beer and country liquor.

10. Nodal Officers for the said ULBs and also in the office of Excise Department should be identified to monitor the above aspects, conduct raids to seize illicit liquor.

11. The Nodal Officer of the ULB will submit Daily Report as per the proforma enclosed for IMFL, Beer and Country Liquor in separate forms to the Nodal Officer in o/o The Commissioner, Prohibition and Excise Department with a copy to the EA, GHMC/Collector & DEA concerned. Section 236 of TMC Act, 2019 stipulates that-,

"Every contested candidate in ULB elections, shall submit his /her account of election expenses within 45 days from the date of declaration of results to the Collector & District Election Authority."

Under paragraph 3 of schedule -IV of Section 12 of TMC Act, 2019, it is envisaged that-,

"If any candidate fails to submit account of election expenses within stipulated time of 45 days from the date of declaration of results,

(i) will be disqualified to contest to any election held under TMC Act, 2019 for period of 3 years.
(ii) If the candidate is elected, along with disqualification to contest also will be ceased to hold office.

Before disqualifying defaulter candidate, the Commission will follow up due procedure and issue Show Cause Notices calling for his /her explanation as to why he / she should not be disqualified for failure to submit account of election expenses in time.

It is pertinent to bring the experience of the Commission to your notice that, the SEC issued show cause notices to the defaulter candidates (Defeated/Elected) in last ordinary elections to Rural and Urban local bodies, the most common reply from them was, they were not aware of law and no body told them about submission of election expenses within 45 days of declaration of results. After disqualification, some of them obtained stay orders on their disqualification from the Hon'ble High Court on the same ground. The Hon'ble High Court also observed that, they would have been alerted before expiry of stipulated time of 45 days.

The Commission also felt that, due to ignorance of law, most of the candidates (Defeated/Elected) are being disqualified and decided to alert the candidates through a notice to submit their election expenses before expiry of stipulated time of 45 days from the date of declaration of results.

The date of expiry of stipulated period of 45 days to submit election expenses is indicated in the column (5) of the above table from the date of declaration of results.

It shall be noted that, every candidate (Defeated/Elected/Unanimously elected) shall submit account of election expenses from the date of filing nomination to till the date of declaration of results irrespective of incurred or not. If no expenses are incurred, nil report shall be submitted in the prescribed proforma within stipulated period.

The Commission prescribed a proforma notice and enclosed herewith.

In view of the above, you are requested to issue two notices to the contested candidates in elections to the said ULBs and casual vacancies to submit their election expenses within stipulated time 1st notice to be issued by 15.05.2021 and second notice to be issued after 30 days of declaration of results i.e., by 4th June, 2021and obtain acknowledgment from them and send a copy of the acknowledgement to the Commission without fail.

(This has approval of the State Election Commissioner)

Yours faithfully,

***

I invite your attention to the Subject &references cited.

It is to inform that earlier, the Telangana State Election Commission has issued Notifications for preparation and publication of Electoral Rolls w.r.t 01.01.2021 as the qualifying date and publication of Polling Stations for the casual vacancies occurred to the office of ZPTCs of Zilla Praja Parishads, MPTCs of Mandal Praja Parishads, Sarpanch as and Ward Members of Gram Panchayats in the State as on 31-3-2021 vide the references 1st and 2nd cited above. Further the Government conveyed concurrence to conduct of Elections to the vacancies in PR Bodies vide reference 3rd cited above.

However, as there was a surge in Covid-19 pandemic, the Commission reviewed the prevailing Covid -19 pandemic second wave and decided to put on hold the further election process till the pandemic situation significantly improves and conditions become conducive to hold elections.

Meanwhile, the new Electoral Rolls with 01-01-2022 as qualifying date have come into force w.e.f 5th Jan, 2022, and hence the earlier exercise has become futile.

Further, some more vacancies arose due to various reasons and the total vacancies of PRIs as on 15-02-2022 are as follows.

No. of ZPTCs	-	03
No. of MPTCs	-	110
No. of Sarpanch	-	215
No. of Ward Members	-	5329

Hence, the pre-election process has to be initiated afresh to all the above vacancies taking the new Electoral Rolls into account.

Rule 101 of Telangana Panchayat Raj (Conduct of Election) Rules, 2019 stipulates that:

"Any casual vacancy of Member and Sarpanch of Gram Panchayat and Members of Mandal Praja Parishad/Zilla Praja Parishad shall be filled up within a period of one hundred and twenty days from the date of occurrence of such vacancy in accordance with the provisions of these rules and orders made there under."

Now the Covid pandemic is under control and the situation has come to normal. Further, keeping in view the ensuing Intermediate and SSC exams and on set of hot summer, it is appropriate to conduct the elections before 15th of April, 2022.

Hence, the Commission has decided to initiate pre-election process to conduct elections to the above vacancies occurred in PRI bodies in the first week of March,2022 and it is proposed to issue notification in the first week ofApril,2022 and to complete entire election process before 25th April,2022.

Therefore , as it is mandatory to honor the Constitutional and legal mandates, I request you to communicate the concurrence of the Government immediately to the Commission under Section 197(6) of TSPR Act,2018 for conduct of elections to the said Ordinary/Casual vacancies to the aforesaid PR bodies, by duly initiating pre-election process (i.e, preparation and publication of Ward wise / Office wise Electoral Rolls, finalization of Polling Stations, drafting of Polling Personnel etc.,) in the 1st week of March,2022. The actual dates of election schedule to be proposed in the month of April, 2022 will be communicated soon after completion of pre-election process.

Yours faithfully,
State Election Commissioner,
Telangana

The following instructions with regard to counting of votes of election to the post of Sarpanch/Ward Member of GPs where elections are conducted with EVMs are issued for the guidance of the Returning Officers –

In Gram Panchayat Elections, poll hours are from 7.00 AM to 1.00 PM. After completion of poll counting is taken up from 2.00 PM onwards on the same day.

1. LEGAL PROVISIONS: Rule 93 to Rule 99 of Rules relating to Telangana Panchayat Raj Conduct of Elections Rules, 2018 specify the procedure for Counting of Votes, Declaration of Results, Publication of Results, Sealing, Safe custody of Voting Machines or DMMS/SDMMs and all other packets.

2. DATE, PLACE AND TIME OF COUNTING

The date of counting will be on the same day on which polling takes place. The Returning Officer shall commence the counting at the appointed time i.e., at 2.00 P.M. on Poll day as he/she has already specified in the Election Notice issued under Rule 5 of Conduct of Election Rules, 2018.

3. ASSISTANCE AT COUNTING

The polling staff appointed for poll duty shall be used for counting also. In employing persons as counting assistants, the Returning Officer should ensure that none of them has been employed by or on behalf of any candidate in the post.

4. RECEIPT OF EVM, ETC., FROM PRESIDING OFFICERS

i. One day before the poll, Stage - II the Returning Officer shall make necessary advance arrangements for receipt of EVMs and other election material from the

ADEA of the various wards in the Gram Panchayat and for their safe custody from the time of their receipt till the time of counting.

ii. Care should be taken to see that EVMs pertaining to different wards/polling stations are stored separately and do not get mixed up.

iii. Ward number and polling station numbers have to be noted on the sealed covers containing EVMs to avoid confusion.

iv. As the poll hours for Gram Panchayats are from 7.00 AM to 1.00 PM, it will be possible to collect the EVMs at a central place and commence counting at 2.00 PM on the same day.

v. Before commencement of counting, the Returning Officer should verify the Presiding Officers diaries one by one and satisfy that the Presiding Officers have recorded their observations in the relevant columns of the diary and all the columns are filled properly. He should satisfy himself that the poll went on peacefully and orderly. Then only the Returning Officer shall start the counting process.

5. TEMPORARY STRONG ROOMS

Circular instructions were also issued on identification of temporary strong rooms and counting halls in Circular No. 69/TSEC-PR/2018, Dtd: 10.02.2018. While identifying the suitable strong rooms and counting halls, instructions issued in this regard shall be adhered scrupulously. Besides this, at the time of depositing the polled EVMs, the contesting candidates their election agents/counting agents can remain present and they can also affix their seals on the lock of strong room/Sealed Cover of EVM.

6. NUMBER OF COUNTING AGENTS

Each candidate for the office of Ward Member and Sarpanch should be allowed to appoint as many counting agents as there are counting tables and one more to watch the counting at the Returning Officer's table.

7.COMMENCEMENT OF COUNTING AND WARNING ABOUT MAINTENANCE OF SECRECY

Commence the counting at the hour fixed for the purpose. Everyone present in the counting hall should be instructed to maintain secrecy of vote. For that purpose, the provisions of Section 217 of the Telangana Panchayat Raj Act, 2018 should be brought to the notice of everyone by reading that section aloud.

8. COUNTING OF VOTES RECEIVED BY POST

Under Rule 56 (2) of Conduct of Election Rules, 2018 the postal ballot papers are to be counted first. The RO should first deal with the postal ballot papers.

Covers in Form XIX containing postal ballot papers received after the hour fixed for the commencement of the counting of votes should not be opened. They should be rejected and kept in a separate packet and sealed, noting thereon the appropriate particulars.

The covers in Form XIX received in time should be opened one after another. As each cover is opened, the RO should take out the declaration in Form XVII and the cover in Form XVIII (Cover 'A') and scrutinize the declaration. If the declaration in

form XVII is not found in the cover or the declaration has not been duly signed and or not attested by an officer competent to do so or is otherwise substantially defective or if the serial number of ballot paper appearing in the declaration is different from the serial number on the cover in Form XVIII i.e., the cover containing the postal ballot paper should not be opened but the ballot paper should be rejected. Each such rejected cover should be endorsed suitably and the declaration and the cover should be placed in the cover in form XIX (Cover 'B'). All such covers in Form XIX should be kept together in a separate packet duly sealed and full particulars such as the name of the Ward / Sarpanch), the date of counting and a brief description of contents should be noted thereon for easy identification. All the declarations in Form XVII which have been found to be in order, should then be kept in separate packet in order to ensure that the secrecy of the postal ballot is kept inviolate. The packet should then be sealed noting thereon the particulars regarding the name of the Ward / Sarpanch, the date of counting and brief description of the contents. This should be done before the covers in Form XVIII containing the ballot papers are opened.

Thereafter the covers (cover-A) in Form XVIII should be opened one after another and the validity of the ballot papers scrutinized and decisions arrived at.

A postal ballot paper should be rejected for the following reasons.

i. if no vote is recorded thereon; or
ii. if votes given on it in favour of more candidates than one; or
iii. if it is a spurious ballot papers; or
iv. if it is so damaged or mutilated that its identity as a genuine ballot paper cannot be established; or
v. if it is not returned in the cover sent along with it to the elector by RO; or
vi. if the mark indicating the vote is placed on the ballot paper in such a manner as to make it doubtful to which candidate the vote has been given; or
vii. if it bears any mark (other than the mark to record to vote) or writing by which the voter can be identified.

Each counting supervisor shall be supplied with the booklet containing above illustrations of valid and invalid votes mentioned in circular No. 530/TSEC-PR/2017, Dtd: 15.11.2017.

The valid votes should then be counted and each candidate credited with the votes given to him. The total number of postal votes received by each candidate should then be caliculated, entered in the Final Result Sheet in Form XXXII (Final result sheet where counting is done polling stations wise) in the appropriate place and announced for the information of the candidates. Thereafter, all the valid ballot papers and all the rejected ballot papers should be separately bundled and kept together in a packed and sealed with the RO seal and the seals of such of the candidates, their election agents or counting agents as may desire to affix their seals thereon. The particulars such as the name and number of ward, the date of counting and a brief description of the contents should be recorded on the sealed packet for

identifying it. Covers in Form XIX received late, should be sealed separately with endorsement on the top of the packet.

9.SCRUTINY AND INSPECTION OF CONTROL UNITS

While the RO is engaged in counting the votes received by post, the work of distribution of control units of voting machines on the various counting tables can be done. Distribution of control units to the counting tables should be done in the serial order of the polling stations, that is to say, in the first round of counting, control unit used at polling station number 1 should be given to the counting table number 1, that of polling station number 2 to the counting table number 2, and so on. At the time of counting, only the control unit of the voting machine is required for ascertaining the result of poll at the polling station at which the control unit has been used. The balloting unit is not required. Nevertheless, the balloting units received from the polling stations should be kept along with the control units polling station-wise at the storage centre as is done in the case of the polled ballot boxes received from the polling stations. However, as mentioned above, only the control unit of the voting machine may be taken to the counting table. The balloting unit may be taken to the counting hall only if its inspection becomes necessary in any particular case on demand by any candidate or his agent or otherwise. Along with the control unit used at a polling station, the relevant Account of Votes Recorded in Form XXXII pertaining to that polling station should also be supplied to the counting table.

10. CHECKING SEALS ON CONTROL UNITS

Before the votes recorded in any control unit of a voting machine are counted, the candidates or their election agents or their counting agents present at the counting table shall be allowed to inspect the outer strip seal, the special tag, the papers seals and such other vital seals as may have been affixed on the carrying case and the control unit and to satisfy themselves that the seals are intact. The RO shall also satisfy himself that none of the voting machines is tampered with. If the RO is satisfied that any voting machines has in fact been tampered with, the RO shall not count the votes recorded in that machine and shall follow the procedure laid down in Rule 92 of Conduct of Election Rules, 2018 as may be applicable in respect of the polling station where that machine was used.

11. OPENING OF CARRYING CASES OF CONTROL UNITS

The control units are received from the polling stations duly kept and sealed in their carrying cases by the Presiding Officers. As each carrying case is brought to the counting table, the seals put thereon by the Presiding Officer at the polling station should be examined. Even if the seal of a carrying case is not intact in any case, the control unit kept therein could not have been tampered with if the seals thereon and particularly the paper seals on that unit are intact. Remove the seals from the carrying case, take out the control unit and place it on the counting table for the inspection and checking of seals thereon by the candidates or their agents present at the counting table.

12. CHECKING OF SEALS AND IDENTITY MARKS ON THE CONTROL UNIT

As each control unit is taken out of the carrying case, check its serial number and satisfied by the Counting Supervisor himself that it is the same control unit which was supplied by the RO to the Presiding Officer for use at that polling station. Then, check the Outer Strip Seal, the seal on the Candidate Set section of the control unit which is put at the RO level before supply of the machine to the polling station and Special Tag which must have been put by the Presiding Officer at the polling station. Even if any of these seals are not intact, the control unit could not have been tampered with if the paper seals put on the inner cover of the Result Section are intact.

13. COMPARISON OF THE SERIAL NUMBER OF THE PAPER SEAL

Remove the outer strip seal and the seal on the outer cover of the Result Section and open that cover. On opening the outer cover of the Result Section the Counting Supervisor will see the inner cover sealed with the special tag and seal of the Presiding Officer. Check this seal also. Even if the seal is not intact, the control unit could not have been tampered with if the paper seal is intact and has not been tampered with. In the inner cover of the Result Section, there will be a green paper seal. That serial number on the paper seal should be compared with the serial number as given in the paper seal account prepared by the Presiding Officer in Item 9 of Part I of Form XXXII. Allow the candidates or their agents present at the counting table also to compare such serial numbers of the paper seal and special tag and satisfy themselves that the paper seal and special tag are the same which were fixed by the Presiding Officer at the polling station before the commencement of poll. If the serial number of the paper seal actually used in the control unit does not tally with the serial number as shown by the Presiding Officer in the paper seal account, it may be that, the paper seal account contains a mistake or there would be a prima facie suspicion that the voting machine has been tampered with. Decide the question by checking the serial numbers of the unused paper seals returned by the Presiding Officer and other relevant circumstances including complaints, if any, made by the candidates or their agents at the polling station. If the RO/Counting Supervisor finds it to be the case of clerical mistake, ignore the discrepancy.

14. CONTROL UNITS TO BE KEPT APART IF FOUND TAMPERED WITH

On the other hand, if the RO is satisfied that the voting machine has been tampered with, or is not the same which was supplied for use at that polling station, the machine should be kept apart and the votes recorded therein should not be counted. The RO should report the matter to the Commission by following the procedure mentioned in the following paras. Under the law, it is not necessary to adjourn the entire counting if any voting machine has been found by the RO to have been tampered with. The RO should, therefore, proceed with the counting in respect of the other polling stations.

15. ASCERTAINING THE RESULT

After satisfying that the paper seal is intact, the control unit is the same as was supplied at the polling station and there is no tampering with the same, the votes recorded therein shall be counted by Counting Supervisor at Counting table. For

counting of votes recorded in the machine, the following procedure should be followed:-

i. Switch 'ON' the control unit by pushing the power switch provided in the rear compartment to 'ON' position. The 'ON' lamp in the Display Section of the control unit will then glow green.

ii. Pierce the paper seal over the Result I Button provided below the upper aperture of the inner cover of Result Section.

iii. Press the Result I Button.

iv. At the Result I Button being so pressed, the total number of votes recorded for each candidate at the polling station shall be displayed automatically in the Display Panels of the control unit. Supposing, there are nine contesting candidates and the total number of votes polled at the 103 polling station is 758, the votes secured by each candidate will be displayed on the Display Panels. [N.B. Result II Button is not used as for a simultaneous poll a separate CU is used.]

v. Note down the above result as displayed sequentially candidate-wise in Part II - Result of Counting of Form XXXII. If required, press the Result I Button again to enable the candidates and/or their agents to note down the above result. After the result has been noted, close the cover of Result Section and switch 'OFF' the control unit.

16. COMPLETION OF PART II - RESULT OF COUNTING OF FORM XXXII

As the votes secured by each candidate are displayed on the Display Panels of the control unit, the counting supervisor should record the number of such votes separately in respect of each candidate in Part II - Result of Counting of Form XXXII. He should also note down in the said Part II of Form XXXII whether the total number of votes as shown in that Part tallies with the total number of votes shown against Item 5 of Part I of that Form or any discrepancy has been noticed between these two totals. After completing that form in all respects, the counting supervisors should sign it. He should also get it signed by the candidates or their agents present at the counting table. After the counting supervisor has duly filled-in Part II of Form XXXII, signed it and got it signed by the candidates or their agents, he should handover that Form to the Returning Officer. The Returning Officer should countersign the Form after satisfying himself that the same has been properly filed and completed in all respects. The Form so countersigned by the Returning Officer should be sent to the officer who is compiling the final result and preparing the Final Result Sheet in Form XXVI.

17. PREPARATION OF FINAL RESULT SHEET

The officer in-charge of compiling the final result and preparing the Final Result Sheet in Form XXXII should make entries on that Form showing the votes polled by each candidate polling station-wise strictly in accordance with the entries made in 'Part II Result of Counting' of Form XXXII in respect of each polling station. The number of tendered votes polled, if any, at a polling station should also be noted in the appropriate column in Form XXXII against the polling station concerned. Tendered votes are not counted. The entries so made in Form XXXII in respect of each polling station should be announced so that the candidates and their agents may take note of the result of counting in respect of each polling

station. Alternatively RO may cause the entries made in the Final Result Sheet Form XXXII to be written on a black-board. This will enable RO to proceed uninterruptedly with the counting of votes at other polling stations.

18. COMPLETION OF FINAL RESULT SHEET

If the RO is counting the votes of a Ward, the RO have to prepare the Final Result Sheet in Form XXXII. The number of votes polled by each candidate by means of postal ballot papers has also to be shown against the appropriate entry provided in that Form. After the total number of votes polled by each candidate at every polling station and by means of postal ballot papers has been entered in the Final Result Sheet, strike thereon the grand total of the number of votes credited to each candidate, and also the grand total of postal votes. While striking this grand total, the entire Final Result Sheet should be carefully checked and it must be ensured that entries have been made therein in respect of each and every polling station and that the Form XXXII is not incomplete in any respect. If the Commission has directed a fresh poll at any polling station, only the result of counting in respect of the fresh poll should be incorporated in the Final Result Sheet. The grand total should not be struck until the result of counting in respect of such fresh poll has been incorporated in the Result Sheet. The grand total should also be correctly struck as any incorrect totalling may materially affect the result of election and the declaration of result which has to be made on the basis of this Form. Any discrepancy in that Form will be very seriously viewed by the Commission and will invite severe disciplinary action.

19. ACTION TO BE TAKEN IN CASE OF MALFUNCTIONING OF ELECTRONIC VOTING MACHINES (EVM) DURING COUNTING OF VOTES

In the case of malfunctioning of an EVM during counting of votes for ordinary / casual elections, the following action to be taken. In case any Control Unit does not display result, it should be kept back inside its carrying case and then be kept in the Returning Officer's custody in the counting hall. Counting of votes in other machines should continue as usual in that Ward.

The Returning Officer shall try to retrieve the result from this machine, with the help of engineers of ECIL, using Auxiliary Display Unit (ADU) in the presence of candidates or their election agents. If the result can be retrieved by using an ADU, the result of the election can be declared accordingly.

In case it is not possible to retrieve the result from the malfunctioned machine even by using ADU, then the returning officer should try to retrieve the result from the machine by taking a print out of the result with the help of engineers of ECIL. If the result can be retrieved by using a printer, the result of the election can be declared accordingly.

In case it is not possible to retrieve the result from the malfunctioned machine even by using ADU or printer, then returning officer should try to retrieve form the DMM / SDMM.

The result can be retrieved from DMM / SDMM by installing DMM /SDMM in any other working control unit. On pressing the Result II Button, "Memory changed" is displayed. Hold Result II button till 'BANK 2' message is displayed and result follows. After displaying the result, if printout is required, connect printer to CU DI port and press Result II Button again.

If the result from the malfunctioned machine cannot be retrieved even by using printer or DMM/SDMM, then the Returning Officer shall report the matter to the Commission for its decision and action may be taken as per the direction of the Commission. In all such cases, the Returning Officer and Observer should also send a detailed report to the Commission and also indicating the votes polled to each candidate and the margin of vote between the candidates having highest vote and the runner up and the votes polled in the malfunctioned EVM. In no case the machine should be opened, or its outer or inner seals disturbed in any manner. There should be no attempt to repair the machine. Replacement of any parts of the EVM in the field level is strictly forbidden.

After completion of counting, all the Control Units whether result has been retrieved from it or not should be kept back inside their respective carrying cases. The carrying cases should then be sealed once again. The Returning Officer and Observer should put their signatures on the seal. All candidates and their election agents should also be allowed to put their signature on the seal. The Control Unit should be then kept in the strong room (s).

20. ACTION TO BE TAKEN DURING COUNTING OF VOTES IN CASE PRESIDING OFFICER DOES NOT PRESS CLOSE BUTTON OF CU AT THE END OF POLL

In case a Presiding Officer is found to have not pressed the 'CLOSE' button of Control Unit at the end of poll, the following action should be taken during counting of votes in the presence of candidates/their authorised agents, under videography: -

In case any Control Unit does not display result due to not-pressing of "Close" button by the Presiding Officer in the polling station at the close of poll, it should be kept back inside its carrying case and then be kept in the Returning Officer's custody in the counting hall. Counting of votes in other machines should continue as usual.

When counting of votes in other machines is completed, the Returning Officer and Observer should see whether the margin of votes between the first candidate and the runner up is more or less than the votes polled in such machine (s).

In both the cases where the margin of votes is more or less than the total votes polled in that machine (s), the Returning Officer/Counting Supervisor shall press the "Total" button of the Control Unit to see the total votes polled in that machine (s). In case, total votes polled in the machine (s) tallies with the total votes polled mentioned in the Form - XXXII, the Returning Officer/Counting Supervisor shall press the "Close" button of the Control Unit (s) so that "Result" button can be pressed for getting result data explaining the entire issue to the candidates and/or

their authorised agents and recording a proceeding in this behalf with the signatures of the candidates/their authorised agents.

In case, total votes polled in the machine(s) does not tally with the total votes polled mentioned in the Form-XXXII, then the Returning Officer shall report to the Commission for its decision and action may be taken as per the direction of the Commission. In such a case, the Returning Officer and Observer should also send a detailed report to the Commission and also indicating votes polled to each candidate and the margin of vote between the candidates having highest vote and the runner up and the votes polled in the Control Unit.

After completion of counting, all such Control Units whether result has been retrieved from it or not, the Control Unit should be kept back inside its carrying case. The carrying cases should then be sealed once again. The Returning Officer and Observer should put their signatures on the seal. All candidates and their election agents should also be allowed to put their signature on the seal. The Control Unit should be then kept in the strong room (s).

The aforesaid instructions should also be brought to the notice of all Political Parties and contesting Candidates in advance.

21. COUNTING OF PRINTED SLIPS OF VVPAT

Counting of votes shall be done according to Rule 93 of TPR (Conduct of Elections) rules, 2018. After the entries made in the result sheet of election are announced, any candidate, or in his absence, his election agent or any of his counting agents may apply in writing to the Returning Officer to count the printed paper slips of VVPAT unit in respect of any polling station or all polling stations. On such application being made, the Returning Officer shall pass a speaking order on whether the counting of paper slips shall be done or not. While deciding the matter the Returning Officer shall give due consideration to the following:-

(a) Whether the total number of votes polled in that polling station is more or less than the margin of votes between winning candidate and candidate making the application.
(b) Whether EVM met with any defect and was replaced at that polling station during poll.
(c) Whether there was any complaint about VVPAT not printing the paper slips correctly by any voter, in that polling station during the poll.

If the Returning Officer decides to allow counting of the paper slips of any polling station or all polling stations such decision of the Returning Officer shall be recorded in writing and shall contain the reasons therefore.

The following procedure shall be followed in case it is decided to count the printed slips of VVPAT:-

(a) VVPAT unit(s) of the respective polling station(s) shall be brought to the Counting table(s).

(b) Address tag(s) of the drop box of the VVPAT unit(s) shall be cross checked to ascertain that it actually pertains to the same polling station, address tag of VVPAT unit should be removed and ballot paper slips shall be taken out form the drop box. Care should be taken that no printed paper slip is left in the drop box. Empty drop box should be shown to all counting agents.

(c) in case a VVPAT unit was replaced during poll at any polling station, all the VVPAT units used at the polling station should be brought to the counting table and printed paper slips from all of them should be taken out before beginning the counting of printed slips for that polling station.

(d) In case a VVPAT unit was replaced, it may so happen that an uncut fully or partially printed paper slip is hanging and has not got cut and dropped in the drop box and still connected to the paper roll. This uncut printed paper slip should not be torn and should not be counted because the vote does not get recorded electronically in the CU unless the printed paper slip is cut. In such an event the last voter whose printed paper slip was not cut would have been given an opportunity to cast his vote after replacement of VVPAT and the printed paper slip of the vote cast by him shall be in the next VVPAT printer used in that polling station.

(e) The drop box of the VVPAT printer will also have slips of self test report. These are easily identified, as they do not have either the name or the symbol of any candidate and are of larger length. These self-test report slips are to be preserved along with the printed-paper slips as part of the record but they are not to be counted.

(f) Pigeonholes will be prepared to put ballot paper slips of the respective candidates.

(g) After all the ballot paper slips are put in the respective pigeon holes, bundles of 25 paper slips of respective candidates will be prepared for counting purpose.

(h) Printed-paper slips will then be counted by the counting staff and same will recorded in Annexure-VI.

(i) The result of the count of Paper slips will be announced loudly in the counting hall and shown to the counting agents.

(j) <u>If there is discrepancy between the count of votes displayed on the control unit and the count of printed-paper slips</u> in respect of any Polling Station, the result sheet will be amended as per the printed-paper slips count.

(k) The Returning Officer shall announce the amendments so made by him and declare the result.

22. MANDATORY VERIFICATION OF VVPAT PAPER SLIPS

To create confidence among Stake-holders, it is to establish that candidate wise votes polled/recorded in a EVM (CU) are equal to that of candidate wise voter slips count. For that a Polling Station has to be taken as unit. In that polling station all the voter slips have to be segregated and counted candidate- wise and to be compared with Result shown on Control Unit i.e., Candidate-wise votes polled/recorded in CU of that Polling Station. Both shall tally in number.

Ward Member of a Gram Panchayat is small unit where in majority of Ward only one Polling Station exists. Hence no need of counting voter slips in VVPAT

unless there is specific demand from any contesting candidate of the ward and the Returning Officer satisfies him/her self.

In all other cases i.e., Sarpanch, MPTC & ZPTC elections, 10% or minimum of one of the Polling Stations shall be made mandatory to count the VVPAT Voter Slips, segregate candidate –wise votes polled and compare with the number of votes polled to each candidate in CU of that Polling Station.

23. RECOUNT

Normally, there will be no question of recount of votes recorded in the voting machines. Every vote recorded by the voting machine is a valid vote and no dispute will arise as to its validity or otherwise. At the most, some candidates or their agents may not have noted down properly the result of voting at any particular polling station when the control unit displayed that information. If necessity arises for re-verification, the same can be done by pressing the Result Button on CU, whereupon the result of voting at that polling station will again be displayed in the Display Panels of that control unit.

Despite the necessity for recount being totally eliminated by the use of voting machines, the provisions relating to recount contained in Rule 60 of the Conduct of Election Rules, 2018, still apply. Accordingly, when the counting is completed and the Final Result Sheet in Form XXXII has been prepared, RO should announce the total number of votes polled by each candidate as entered in the Final Result Sheet. RO should then pause for a minute or two. If during this period any candidate or, in his absence, his election agent or any of the counting agents, asks for a recount, RO should ascertain from him as to how much time he would require for making an application for recount in writing. If RO consider that the time applied for is reasonable, allow it and announce the exact hour and minute upto which RO will wait for receiving the written application for recount. RO should not sign the Final Result Sheet in Form XXXII until after the expiry of the time so announced.

When an application for recount is made, RO should consider the grounds urged and decide the matter. RO may allow the application in whole or in part if it is reasonable or RO may reject it in toto, if it appears to RO to be frivolous or unreasonable. Your decision will be final, but in every case RO should record a brief statement of your reasons for your decision.

If in any case, RO allow an application for recount either wholly or in part, RO shall have the votes recorded in the voting machines counted over again in accordance with your decision. The postal ballot papers will also be counted over again if so decided by RO. After the recount, correct the final result sheet to the extent necessary. Announce the amendments so made, if any, by RO. After the total number of votes polled by each candidate after recount has been announced by RO, complete and sign the Result Sheet.

As a Returning Officer, your duty is to count accurately the votes and RO has therefore always the right to order your staff to recount the votes. But the right of

a candidate to demand a recount under Rule 60 does not mean that recount can be granted for the mere asking. The party demanding recount has to make out a prima facie case that the return was not accurate and recount is necessary in the interest of justice.

It would be unreasonable to demand second recount if the first recount showed only minor variations from the first count and at the same time showed a very substantial majority in favour of one candidate. On the contrary, it would be reasonable to demand further recount where the margin between first two candidates is close and where previous recount has shown differing results.

But RO would be justified in refusing a further recount when the previous recount showed the same result even if the difference between the contesting candidates may be very small.
[N.B. No candidates has a right to demand a recount after RO have completed and signed the Final Result Sheet. Reject any demand for any recount of votes after RO have completed and signed the Final Result Sheet.]

24. ADJOURNMENT OF COUNTING

RO should proceed with the counting at each place continuously. In case RO has to suspend or adjourn the counting before its completion for any unavoidable reason, seal up all the voting machines and also all other papers relating to elections. Allow every candidate or his agent, if he so desires, to place his seal on every voting machine and packet, etc., in which the election papers are kept.
[N.B. It is preferable to keep all the sealed voting machines and packets, etc., in a separate room and have the room sealed and secured with your seal and the seals of candidates or their agents. Alternatively, the candidates may put their own locks in addition to yours on such room.]

25. POWER OF OBSERVER TO STOP COUNTING

Under Section 241 of the Telangana Panchayat Raj Act, 2018, the Observers appointed by the State Election Commission to watch the conduct of election have the power to direct the Returning Officer to stop the counting of votes at any time before the declaration of result or not to declare the result, if in their opinion booth-capturing has taken place at a large number of polling stations or at the counting place or the ballot papers are unlawfully taken out of the custody of the Returning Officer or are accidentally or intentionally destroyed or lost or damaged or tampered with. The election proceedings in such cases shall proceed further in accordance with such directions of the State Election Commission as it may issue on the reports of the Observers and after taking all material circumstances into account.

26. PROCEDURE TO BE FOLLOWED IN CASE OF DESTRUCTION, LOSS, ETC., OF VOTING MACHINES BEFORE COMPLETION OF COUNTING

The Commission is competent to direct, after taking all material circumstances into account, the counting of votes to be stopped and, if necessary, order fresh poll if it is reported by the Returning Officer before completion of the counting of votes that the voting machine used at a polling station has been,-

i. unlawfully taken out of his custody, or
ii. accidentally or intentionally destroyed or lost, or
iii. damaged or tampered with, to such an extent that the result of the poll at that polling station cannot be ascertained. If any such occasion arises, RO should forthwith report full facts of the case to the Commission and await its directions in regard to the counting of votes.

27. PROCEDURES TO BE FOLLOWED IN THE CASE OF BOOTH- CAPTURING AT THE COUNTING CENTRE

Under Section 239 of Telangana Panchayat Raj Act, 2018, if booth-capturing takes place at any place of counting in such a manner that result of the counting at that counting centre cannot be ascertained, the Returning Officer shall forthwith report the matter to the State Election Commissioner.

On receipt of the report of the Returning Officer, the Commission shall, after taking all material circumstances into account, either direct a re-poll at the affected polling stations or countermand the election. Therefore, once RO has reported the matter to the Commission, under Section 239 of the Act await its directions in this regard and proceed further according to its directions when received.

28. COUNTING AFTER REPOLL

If any re-poll has been held at a polling station in accordance with the directions given by the Commission, RO should fix the date, time and place for counting the votes recorded in such re-poll and give notice of the same in writing to every candidate or his election agent. RO should follow the same procedure as detailed above for such further counting as far as it is applicable.

29. RESEALING OF VOTING MACHINES AFTER COUNTING

After the result of voting recorded in a control unit has been ascertained candidate-wise and entered in Part II - Result of Counting of Form XXXII and in the Final Result Sheet in Form XXXII, the control unit is required under Rule 95 of the Conduct of Elections Rules, 2018, to be resealed with the seal of the Returning Officer and the seals of such of the candidates or their election agents who may desire to affix their seals thereon. The resealing has however to be done in such a manner that the result of voting recorded in the control unit is not obliterated and the unit retains the memory of such result.

The aforesaid resealing of control units should be done in the following manner:-

i. Remove the battery from the Candidate Set Section of the control unit by removing the seal. After the removal of the battery, the cover of the Candidate Set Section should be resealed.

[N.B. Removal of the battery is necessary so that it does not leak with the passage of time and damage the machine. Removal of the battery will not however obliterate the result of voting recorded in the control unit as the unit will retain its memory even without the battery.]

ii. Close the outer cover of the Result Section and reseal it.
iii. Keep the control unit so resealed in its carrying case.

iv. Reseal the carrying case.
v. Attach firmly to the handle of the carrying case an address tag containing the following particulars:-
   a) particulars of the election;
   b) name of the constituency;
   c) the particulars of polling station where the control unit has been used;
   d) serial number of the control unit;
   e) date of poll;
   f) date of counting;

The control units so resealed should be kept in specially prepared bigger boxes for safe storage.

The balloting units must have been received by RO form the polling stations duly sealed and secured in their carrying cases by the respective Presiding Officers. Normally, these units will not require to be opened at the time of counting. If any balloting unit is taken out of its carrying case for inspection or verification at the time of counting, it should be kept back in its carrying case after such inspection or verification and sealed.

The balloting units should also be kept in specially prepared bigger boxes for safe storage. All the control units and the balloting units used at the election are thus ready for transportation to the place of storage.

30. SEALING OF CONTROL UNITS AND VVPAT UNITS

After the result is announced, whether the printed paper slips of VVPAT were counted or not, the printed paper slips will be taken out of the drop box of the VVPAT Printer unit and stored in the following manner -

a. The printed-paper slips shall be kept in a paper envelope made of thick black paper. The envelope shall be sealed with red wax with the bilingual secret seal of the Returning Officer for sealing of the documents. Following shall be written on the envelope –

   I. The name of election and year.
   II. The number and name of the Constituency;
   III. The particulars of polling station in respective boxes;
   IV. Unique serial number of the Control Unit & VVPAT units in respective boxes;
   V. Date of poll; and
   VI. Date of counting.

b. These Plastic boxes shall be kept with all the statutory documents relating to that election till the statutory time limit for filing an election petition is over or in case where an election petition is filed till the final disposal of the election petition by a competent Court. The plastic boxes shall not be opened or destroyed without obtaining the permission of the Commission.

c. The VVPAT printers after taking out the printed paper slips shall be kept in a separate strong room and should not be kept in the strong room where

EVMs are stored, so that even if there is any election petition is filed from any of the constituencies, the VVPAT units can be taken out for use, if required, without opening the strong room having EVMs.

d. It should be ensured that the Thermal Paper Roll and Battery (Power Pack) are taken out from the VVPAT, before keeping the VVPAT units in the Strong Room.

The Power Pack and Paper Roll for use in the VVPAT is supplied by the manufacturer; therefore three sets of these materials may be procured from the manufacturers. Apart from this adequate numbers of black paper envelope and plastic boxes may also be procured for storing the Printed Paper Slips of VVPAT after counting of votes for each polling station irrespective of whether these printed slips have been counted or not.

31. SAFE CUSTODY OF VOTING MACHINES

Under Rule 97 and Conduct of Elections Rules, 2018, the voting machines sealed as above under Rule 95 shall be kept in the safe custody of the District Election Authority or the Officer authorized by him and as per Rule 98 (2) of above Rule shall not be opened or inspected by or produced before any person or authority except under the orders of a competent court. The machines so sealed shall be retained intact for such period as the Commission may direct and shall not be used for next election without the prior approval of the Commission under of Rule 99 of the said rules.

32. SEALING OF OTHER ELECTION PAPERS FOR ENSURING SAFE CUSTODY

Apart from the voting machines, there are several other important election papers which require to be sealed and secured for safe custody and storage. Under Rule 98 (1) of the Conduct of Elections Rules, 2018, the packets of election papers specified therein shall not be opened and their contents shall not be inspected by, or produced before, any person or authority except under the order of a competent Court. Special care has thus to be taken for the safe custody of these papers. These papers are as follows where voting machines are used:-

i. the packets of Registers of Voters in Form XXX, including the voter slips and votes recorded in Form XXXII
ii. the packets of unused postal ballot papers with counterfoils attached thereto;
iii. the packets of used postal ballot papers whether valid, or rejected (including the packets in which covers containing postal ballot papers received late are kept);
iv. the packets of the counterfoils of used postal ballot papers;
v. the packets of used and unused tendered ballot papers;
vi. the packet of unused (surplus) ballot papers (printed for display on balloting units and for use as tendered ballot papers);
vii. the packets of the marked copies of the electoral roll; and
viii. the packets of the declarations by electors and the attestation of their signatures
ix. the packets of the paper slips where printer for paper trail is used;

In view of the important nature of these election papers also be sealed with the seal of the Returning Officer.

The papers mentioned at items (iii) and (viii) above shall be made into packets at the time of counting. Such packets shall be sealed immediately after the counting of the votes is over. You should point out to the candidates or their agents present that it is in their own interest to affix their seals on these packets to avoid any possibility of tampering with these packets.

The packets of papers mentioned at items (i), (v) and (vii) in the above para above will be received from the Presiding Officers of the polling stations in duly sealed packets. As these packets are not required for any purpose at the time of counting of votes, each of them should be immediately sealed with the seal of the Returning Officer as soon as they are received at the receiving centre and placed in steel trunk(s).

RO should put a responsible Officer-in-Charge for the supervision of the sealing of all packets. Otherwise, there is possibility of important election papers going astray which would create complications and confusion if and when a competent Court orders the production of these papers.

Each steel trunk shall be locked with two locks and each lock shall be sealed.

33. DRAWING UP OF PROCEEDINGS

After the sealing of the voting machines and election papers at the counting place after the counting of votes, RO should draw up proceedings mentioning therein:-

i. the full particulars of the candidates/agents present in the counting hall;
ii. the fact that they were asked to affix their seals on the voting machines and packets of election paper, if they so desired; and
iii. the particulars of persons who had affixed their seals on the voting machines and packets and the particulars of those persons who had refused to do so.

Then, RO should sign the proceedings and obtain on it the signatures of such of the candidates/ agents as are present and willing to sign. The proceedings should be put inside an envelope which should be sealed and the sealed envelope be kept along with the packets of election papers.

34. SAFE CUSTODY OF ELECTION RECORDS BY DISTRICT ELECTION AUTHORITY

Immediately after the declaration of result of the election, on the same day and, in any case not later than the noon of the following day, all the voting machines and the sealed trunks(s) containing the packets mentioned in above paras should be dispatched to the District Election Authority or the Officer authorised by him at his headquarters and on receipt of the voting machines and the sealed trunk(s) the District Election Authority should forthwith arrange to deposit them for safe custody in the Treasury/Sub-treasury under double lock. The key of one of the locks of each trunk will be entrusted to the Treasury Officer or an Officer in the Treasury/Sub-treasury authorised under the Treasury Code

and the key of the other lock of each trunk should be kept by the District Election Authority himself a senior officer nominated for the purpose by the District Election Authority.

The armed police guard posted at the room where the voting machines are stored before the counting of votes, should not be removed after the counting is over, but should continue to keep guard of the room till the transport of the voting machines and election records to the District Headquarters. As far as possible, the same guard should be used for protection during the transport also, and this fact should be mentioned in the log book maintained by the guard.

35. DECLARATION OF RESULT

After RO have obtained the necessary approval of the Commission, wherever required, to declare the result, RO should complete and sign the Final Result Sheet in Form XXXII. The candidate to whom the largest number of valid votes have been given should then be declared elected.

36. EQUALITY OF VOTES

If two candidates contesting any seat happen to secure the highest number of votes and their votes are equal in number, the result will have to be declared by draw of lot.

Example: If in a Ward A, B, C and D are the contesting candidates and the total number of votes they have secured is as follows:

A.1270
B.17567
C.17567
D.16394

A lot will be drawn between B and C who have each polled the highest number of votes and which are equal. The name of whichever of them is drawn will be declared elected treating as if the candidate on whom the lot falls had received the additional vote under Rule 61 of Conduct of Election Rules.

While drawing lots among the name of the candidates who polled equal number of votes, the Returning Officer should write each candidate's name on 5 slips of the same colour and size of the paper and all those slips should be folded tightly twice and then jumbled to make them mix beyond recognition. After such mixing, the Returning Officer should draw the slip. The candidate, whose name is first drawn shall be declared to have been elected.

37. FORM OF DECLARATION OF RESULT

The formal declaration of result should be made by RO in Form XXVII. The candidate to whom the largest number of votes has been given to be declared elected for the seat signed copy of Form XXVII under rule 62 (1) (a) shall be sent to State Election Commission, Election Authority and District Election Authority.

The date to be given in the declaration should be the date on which result of the election is declared and not the date on which the declaration is dispatched.

Even if an occasion arises when RO have to rectify some error in your original declaration, there should be no change in that date which should continue to be the date on which the result was declared.

38. RETURN OF ELECTION

When you have declared the result of election in the manner indicated above, you should complete and certify the Returning of Election in Form XXVIII under Rule 62(1) (b) of Conduct of Election Rules and send copies thereof to State Election Commission, Election Authority and District Election Authority.

If any candidate or his/her agent wants to take a copy or an extract from this return, he should be permitted to do so.

39. CERTIFICATE OF ELECTION

As soon as, after a candidate has been declared elected, the Returning Officer should grant to such candidate a certificate of election in Form XXIX under rule 63 and obtain from the candidate an acknowledgement of its receipt duly signed by the candidate immediately. Thereafter, immediately send this acknowledgement by registered post to the District Election Authority.

40. PUBLICATION OF RESULT

The Returning Officer shall publish on the notice board of the Gram Panchayat concerned, a notification signed by him, specifying the names of the candidates duly elected.

As far as possible the election records shall be preserved in the Sub-Treasury or any other place specified by the District Election Authority.

Instructions issued in this regard shall be followed scrupulously.

4. STRONG ROOMS:

i. As per latest instructions, counting of votes recorded in EVMs of all MPTCs of MPPs and ZPTC of a Mandal shall be conducted by the ROs of the MPTCs and RO ZPTC concerned. Hence, District Administration has to plan in advance and also ensure that, the strong rooms and counting centres of a Mandal are located at one place. If big counting hall is not available, MPTC RO wise counting halls can be arranged.

ii. Generally, 4 to 5 Mandals will be made into one cluster and strong rooms will be allotted to each Mandal in that cluster separately in a big Government building for arranging proper bandobust round the clock till the date of counting of votes and declaration of results. There is no objection for strong room and counting centre at the concerned Mandal head quarters subject to the availability of sufficient armed forces to guard the strong room.

viii. If it becomes necessary to open the strong room before the appointed date and time, the RO should send notice accordingly to the candidates or their election agents in advance and open the strong room in their presence. The strong room should be again closed and sealed immediately after the purpose for which it was opened is served, details of such opening and closing should also be accurately and fully reflected in the log book (Annexure – I) and the entire process should be video graphed.

As the Returning Officers of MPTCs shall be the Assistant Returning Officers to the ZPTC election, they shall supervise the counting of votes of ZPTC votes in their respective jurisdiction.

viii. In each counting hall, barricading shall be arranged for each counting table so that counting agents are prevented from handling the EVMs/counting Process. However, the counting agents must be given all reasonable facilities to witness the whole counting process at the counting table.

ix. The counting tables should be placed against the barricade of woodblock and wire-mesh behind which the counting agents of candidates shall sit.

x. In case of simultaneous elections to MPTCs & ZPTCs, once the counting of all MPTCs is completed and results are declared, then only start counting of votes of ZPTC concerned.

xi. The Returning Officer, ZPTC table shall be arranged in the middle of the Counting Hall, so that he can supervise the counting process on all Counting Tables. Ref: 1.TSEC Notification No.29/TSEC-PR/2021, Dated: 12.01.2021 and TSEC Notification No.29/TSEC-PR/2021-1, Dated: 08.04.2021. (Administrative Machinery)

***

All the Collectors & District Election Authorities are reminded that, while conducting Elections to Gram Panchayats, the selection and appointment of Returning Officers and Polling Personnel is one of the important items of work.

In continuation of the orders issued in the reference cited above, the following further instructions are issued for selection and appointment of Returning Officers and Polling Personnel for forthcoming Elections to Gram Panchayats where Electronic Voting Machines are used in Poll Process.

1. Appointment of Returning Officers:

For every election to fill the seats of Members and Sarpanch of Gram Panchayat, the District Election Authority shall appoint a Returning Officer who shall be a Gazetted officer of the State Government or a local authority. An officer can be appointed as a Returning Officer for more than one Gram Panchayat also depending on availability of Returning Officers.

The District Election Authority may appoint, one or more persons, as Assistant Returning Officers to assist any Returning Officer. Provided that, every such person shall be a Office Superintendent cadre of the State Government or of a Local Authority.

Every Assistant Returning Officer shall, subject to the control of the Returning Officer, be competent to perform all or any of the functions of the Returning Officer, provided that no Assistant Returning Officer shall perform any functions of the Returning Officer, which relate to the scrutiny of nominations, unless the Returning Officer is unavoidably prevented from performing the said function.

As there are large number of Gram Panchayats in every District and suitable officers may not be available in adequate number for appointment of exclusive Returning Officer for each Gram Panchayat. For operational convenience it is permitted to divide the election process into two stages and appoint one Returning Officer for a group of Gram Panchayats for Stage-I, but for Stage-II, an exclusive Returning Officer will have to be appointed for each Gram Panchayat.

The election process starting from the stage of publication of election notice and ending with the publication of list of contesting candidates for Members and Sarpanch of Gram Panchayat, allotment of symbols to them and issue of Postal Ballots to the Service Voters is included in Stage-I. The election process comprising of all subsequent items of work such as, dispatch of Postal Ballots to the voters who are engaged in the Election Duty, inspection of Polling Stations, finalization of Polling Arrangements, Distribution of Ballot Papers & Polling Materials, Polling, Counting of Votes, Declaration of Results, issue of Election Certificate, Conduct of Special Meeting for Election of Upa-Sarpanch etc., are included in Stage-II.

The District Election Authority or Officer authorized by him, may appoint Returning Officers as indicated below:

(1) For a group of 2 to 4 contiguous Gram Panchayats (having less than 5,000 population each), one Returning Officer may be appointed to perform election duties comprising in Stage-I and a separate Returning Officer for each Gram Panchayat may be appointed for Stage-II. As far as possible, Gazetted Officers shall be appointed as Returning Officers Stage-I & Stage-II.

(2) In respect of single major Gram Panchayat having a population of more than 5,000, an exclusive Returning Officer, preferably a Gazetted Officer, and an Assistant Returning Officer may be appointed to perform the functions comprising in both the Stages (i.e. Stage-I & Stage-II).

Besides Returning Officers, the District Election Authority has the discretion to appoint one Assistant Returning Officer for any Gram Panchayat, depending upon the necessity.

It is suggested that for Stage-I election process, when the Returning Officer is appointed for a group of Panchayats, he should be given the assistance of one or two Assistant Returning Officers, depending on the necessity. Such Stage-I Assistant Returning Officer will be appointed as Stage – II Returning Officer for a Gram Panchayat where he is acquainted with the election Process from the beginning. The appointment orders for Returning Officers and Assistant Returning Officers be issued in format given at Annexure-I. In case of Stage – II also, as far as possible one Assistant Returning Officer may be appointed to each Returning Officer depending upon the availability. If sufficient personnel are not available, one of the Presiding Officers in that Gram Panchayat will be designated as Stage – II Assistant Returning Officer to assist the Stage – II Returning Officer.

The Collector & District Election Authority may either himself issue the orders for appointment of the Returning Officers and Assistant Returning Officers or he may authorize the concerned Sub-Collectors/Revenue Divisional Officers, who are also the

Deputy District Election Authorities to do this work. Orders may be issued to ROs & AROs in Annexure – I appended.

2. TRAINING OF RETURNING OFFICERS:

The Returning Officers have to perform very vital functions during the Gram Panchayat Elections and the entire election process of the Gram Panchayat will be completed under their supervision and control. It is, therefore, necessary to impart adequate training to the Returning Officers and Assistant Returning Officers. The State Election Commission will be supplying booklets containing "Hand Book for Returning Officers". Besides these instructions, they should be thoroughly acquainted with the various provisions of the Telangana Panchayat Raj Act and Rules relating to the Conduct of Elections to the Gram Panchayats. The Assistant Returning Officers may also be trained along with Returning Officers.

3. APPOINTMENT OF POLLING PERSONNEL:

The appointment of Polling Personnel may be issued by the District Election Authority himself or he may authorize the Deputy District Election Authority i.e. Revenue Divisional Officers / Sub-Collectors or any other suitable officer to issue these appointment orders.

A. Obtaining Lists of Polling Personnel:

(a) The District Election Authority shall workout the requirement of polling personnel by adding 20 percent in excess of their requirement so as to keep certain personnel in reserve and also to meet any contingency.

(b) As more number of polling personnel will be required for the conduct of elections, all the gazetted and non-gazetted Government servants shall be drafted as election personnel. The District election Authority should in no case exempt any individual, except under extraordinary circumstances when the employee substantiates his plea for exemption with documentary evidence.

As far as practicable, Gazetted Officers shall be deployed as Presiding Officers. If sufficient Gazetted officers are not available, the officials who are working in supervisory capacity and school Assistants should be deployed as Presiding Officers. In Gram Panchayat Elections, generally a Ward is a Polling Station. Similarly, if the voters exceeds 1300 (with marginal adjust of 50 voters) in a Ward, an additional 3rd polling station may be set up for every 650 voters without dividing voters in a family.

A polling party going to a Polling Station will consist of one Presiding Officer and one, two or three Polling Officers, depending on the number of voters in a Polling Station. The following scale may be adopted for the appointment of polling personnel for various Polling Stations –

WHERE EVMs ARE` USED:

Where the number of polling personnel is not sufficient in above scale, 4 polling personnel in case of (a) and 3 polling personnel in case of (b) can manage the polling station.

While appointing the Presiding Officers and Polling Officers, particularly from the employees of Local Bodies, care should be taken to ensure that they do not have any political affiliations towards any party or candidate.

It may be kept in view that the polling of the Gram Panchayats in the District shall be conducted in two or more phases, in such a manner that, all the Gram Panchayats in a Mandal will go to the polls as a whole on the same day.

A reserve of polling personnel to an extent of 10% under each category should be kept at the Mandal headquarters.

4. PROPER MIXING OF POLLING PERSONNEL DRAWN FROM DIFFERENT OFFICES:

5. RANDOMIZATION OF POLLING PERSONNEL:

a. Software prepared and developed by Telangana State Election Commission should be used to undertake randomization of the polling personnel.
b. From out of the total database of eligible personnel, a list of 120% of required number of polling personnel should be generated (including reserve) randomly by using above software. This is the first stage of randomization process. Presence of observers is not required at this stage. This is only to identify and select the officials that would be given training for polling duties as Presiding and Asst. Presiding Officers in whichever Mandal they may be (source Mandals). District Election Authority/MPDO concerned duly indicating the date and time of Poll, 2nd training class venue and timings (in case of POs/APOs), details of the Distribution centre etc well in advance.

d. The second training class to POs and APOs can be conducted at this stage by receiving Assistant District Election Authorities (MPDOs)/ROs & AROs.
e. Third stage of randomization exercise shall take place one day prior to actual dispersal of polling parties. This stage of randomization for final allocation of polling station to each polling party should also be done under the supervision of General Observers. This will be done basing on the code number allotted to each poll party duly assigning a polling station to that code. The actual polling stations allotted to the individual polling personnel is to be disclosed just before the polling party, receives the poll material at Distribution centre. Orders to be served to Polling Parties in Annexure – IV at the Distribution Centre indicating the name of the Gram Panchayat, Ward No, Polling Station Number etc. orders to be served to Reserve staff also.
f. The General Observers should make a special reference to the randomization exercise observed by them while submitting their report to State Election Commission.

6. TRAINING TO POLLING PERSONNEL:

The District Election Authorities are informed that, it is of utmost importance that all persons selected for polling duty as Presiding Officers and Asst. Presiding Officers including those on the reserve lists Zonal Officers and Returning Officers should be adequately trained in the duties entrusted to them. Every such person should attend at least two training classes, one out of them will be practical training in using EVMs with VVPATs. At each training class, as far as possible, there should not be more than 50 or 60 personnel. The attendance at each class should be checked and recorded before the class starts, so that necessary disciplinary action or prosecution as the case may be is initiated readily.

The District Collectors shall arrange for imparting two training classes for Polling Personnel for conducting polls with EVMs. The Commissioner, PR & RE and Election Authority will arrange for supply of Hand Books for Presiding Officers. The pattern of election is comparable to simultaneous elections to the House of People and State Legislative Assembly where EVMs are used.

The training classes should be conducted by the Asst. District Election Authorities concerned under the supervision of Deputy District Election Authorities concerned. Before that the Returning Officers and Assistant Returning Officers of Stage – II shall be trained by the persons authorized by the District Election Authority. No officer who has been appointed as Returning Officer would be entrusted with polling duties.

7. ZONAL OFFICERS:

Zonal Officers may be appointed at the rate of two per Mandal. The Zonal Officers should be invited for training rehearsals. They must be provided with vehicles to ensure effective Co-ordination and Monitoring. A Zonal Officer should be able to visit each polling area in his jurisdiction at least two times on the day of poll.

8. COUNTING PERSONNEL:

Sub:-TSEC – Conduct of elections to PR Bodies- Use of EVMs and VVPATs in the Elections – Randomization of EVMs and VVPATs for transparency-Certain instructions-issued.

***

As an additional measure that aims at greater transparency, the Commission has decided to introduce a randomization protocol for the deployment of EVMs and VVPATs in various polling stations in the GPs and Territorial Constituencies of MPP/ZPPs as an unit and the following instructions are issued which are to be followed meticulously without any deviation:-

1. STORAGE

As a general policy, all the EVMs available within a district shall be stored at the district head quarters under the direct control of the District Election Authority. It may be possible that due to want of storage space the EVMs may be stored in a decentralized manner in different locations. Even in such cases, for the purpose of first level checking and randomization procedure proposed to be introduced through this instruction, all EVMs and VVPATs available in the jurisdiction of district level shall be brought at one place to be fixed by C&DEA of concerned district under proper escort.

Since no VVPATs are available with State Election Commission presently, the same will be taken on loan from ECI to SEC and supplied to the districts as per their requirement.

2. FIRST LEVEL CHECKING

a. The first level checking shall be carried out by the ECIL engineers.

b. For the purpose of tracking various steps taken in the process of first level checking, randomization and deployment of EVMs and VVPATs, an adhesive label (pre-printed sticker) shall be prepared and kept ready for use. This can be organized centrally by the C&DEAs of concerned district.

3. NUMBERING OF EVMs and VVPATs

As soon as the first level check is over the sticker will be pasted on the backside of the CU/BU and the checking- engineer will put his signature indicating the date in the relevant slot provided in the sticker. This would mean that the CU/BU is in order in every respect. The unique machine number of the control/ballot unit (CU/BU) will be also indicated in the relevant slot in the sticker; besides, a running serial number will also be allotted to the CU/BU and

will be indicated in the relevant slot. Simultaneously, the representative of C&DEA of concerned district duly authorized for this purpose will also put his signature in the relevant space. After this, CU/BU shall be stored with due precaution and care. In case of any CU/BU found to be defective during checking, such EVMs with VVPATs shall be isolated and kept separately for follow up action for rectification of defect. The above procedure will also be applicable for the VVPATs which will be verified, signed and numbered in the above manner

4. DATABASE

A database of the CUs, BUs and VVPATs verified and certified will be prepared separately and kept in readiness for randomization. The data base structure will contain details of CUs, BUs and VVPATs indicating the machine number (original number given by the manufacturer as inscribed on a metallic plate at the back side of the CU/BU/ VVPAT as the case maybe). The EVMs with VVPATs/ VVPATs so verified shall be kept under proper lock and key.

4. SCHEDULE FOR RANDOMIZATION OF EVMs AND VVPATs

The C&DEA of concerned district will fix up a schedule, which should in any case be fixed before the start of training of polling personnel, for randomization of CUs/ BUs/ VVPATs for ward /territorial constituencies of MPP/ZPP wise distribution in the presence of the representatives of recognized political parties duly informing them well in advance. The randomization will be done in such a way that the EVMs with VVPATs/VVPATs are randomly selected by grouping them to match the poll day requirement including the reserve required for each GP/Territorial Constituency of MPP/ZPP. Again, the surplus EVMs with VVPATs/VVPATs shall also be randomly grouped and distributed GP/Territorial Constituency of MPP/ZPP wise for the purpose of training (for the training of the polling staff as well as for the purpose of voter awareness). A sticker of different color shall be affixed at the front side of the CUs/ BUs/ VVPATs set aside for training purpose clearly indicating "... ... .(Name of Mandal): Training CU/ BU/ VVPAT". While randomizing the CUs/ BUs/VVPATs the C&DEA of concerned district shall take the number of polling stations into account.

5. ALLOCATION OF ID

After Mandal wise grouping of CUs/ BUs/VVPATs is done in the above manner, a 'current ID' shall be assigned to each of CU/BU/VVPAT in the relevant slot provided in the sticker. The 'current ID' would mean 'the mandal no followed by a new running serial number for that mandal'. For example, If, Mandal No. 56 is allotted to 50 CUs, BUs and VVPATs the current ID for the CUs would be from '56/CU/001' to '56/CU/050'. Similarly the current ID for BU and VVPAT would read '56/BU/001 to 56/BU/050' and '56/VP/001 to 56/VP/050'.

6. DISTRIBUTION OF LIST & EVMs and VVPATs TO RETURNING OFFICER

A) The randomized list of CUs, BUs and VVPATs allotted to each GP/Territorial Constituency of MPP/ZPP for use at polling stations as well as the training

EVMs and VVPATs shall be prepared separately and signed by the representative of C&DEA of concerned district and the Returning Officer and that list shall be handed over to all representatives of the recognized political parties. Even if a representative is not available at the time of randomization the list shall still be sent to the party office and a receipt obtained.

B) Thereafter, the Returning Officer of the GP/Territorial Constituencies of MPPs/ZPPs shall take charge of the CUs /BUs/VVPATs randomly allotted to his/her GP/Territorial Constituencies of MPPs/ZPPs. The CUs /BUs/VVPATs meant for use at the election shall be separately taken to the strong room allotted to the Returning Officer, under proper escort and will be guarded. The training EVMs and VVPATs shall be distributed to the relevant officers for the training purpose. At the time of sealing the strong room, the representatives of political parties can remain present and they can also affix their seals on the lock.

7. PREPARATION OF EVMs and VVPATs

A) On the day fixed for preparing the EVMs with VVPATs/VVPATs for use in the election, the Returning Officer will ensure that the preparation of EVMs with VVPATs/VVPATs is done invariably in the presence of the candidate or his/her agent or his/her authorized representative and in the presence of General Observer as per the existing instructions. Now, the Returning Officer will do the second randomization of the EVMs with VVPATs/VVPATs to allot the CU/BU/VVPAT to specific polling stations. After that he will write the PS No to which the CU/BU/VVPAT has been randomly allotted in the slot provided for it in the adhesive label. The remaining EVMs with VVPATs/VVPATs (not allotted to any specific PS) shall be kept as 'Reserve' for use if needed. Such EVMs with VVPATs/VVPATs shall be marked as 'R'-meaning 'Reserve' in the slot meant for PS No.

B) At this stage, the CU, BU and VVPATs randomly earmarked PS wise as above shall be identified by matching the PS No. and kept in pair by tagging them together. Any candidate/ agent present at the preparation hall may choose to get the CU/BU/VVPAT again checked by the master trainers/technical personnel if available through a 'mock poll cum result verification' in order to satisfy himself about the functioning of the EVMs and VVPATs. The Returning Officer should also, as a proactive measure, do a random verification of at least 10% of such CU-BU pairs to test the working status of the EVMs and VVPATs.

C) Then a Polling Station wise list indicating the Current ID and machine number of the CU/BU/VVPAT allotted to each PS will be prepared and signed by the Returning Officer. The Returning Officer will also prepare a separate list of EVMs with VVPATs/VVPATs marked as 'R' indicating the current ID and machine number. Both the above lists will be signed by Returning Officer and copies shared with the candidates/agents/representatives and their signature shall be obtained as the token of receipt.

D) As per the existing instructions three types of address tags for use on CU, BU and VVPAT have been prescribed. From now onwards, the tag shall also contain the current ID No. (as mentioned in the sticker- read para 6 above). The address tag attached to reserve CU/ BU/VVPAT shall indicate the 'Reserve' status of the unit. The tagging of address tag shall also be done at this stage itself in the

presence of candidates/ agents/ observer. All the EVMs with VVPATs/VVPATs allotted to Polling Stations as above as well as the reserve machines shall be kept in the strong room in the presence of candidates/ agents. They can also be allowed to affix their seal on the lock of the strong room.

9. DISBURSAL OF EVMs and VVPATs FOR ACTUAL POLL

A) When the EVMs and VVPATs are taken out of the strong room for dispatch, the usual precaution of informing the date and time of opening of strong room in writing to the candidates/agents shall be followed.

B) At the time of dispatch the Presiding Officers shall be advised to compare the machine number inscribed on the metal label and the adhesive sticker and also verify the PS No. indicated on the sticker compared with PS No. mentioned in the address tag before accepting the EVM. Discrepancy, if any, shall be brought to the notice of the officer in charge of dispatch.

C) The candidates may be advised to share the current ID and machine number of the EVM (CU/ BU/VVPAT) allotted to the specific PS with their polling agents appointed by them so that they are in a position to inspect the EVM for their satisfaction before the commencement of mock poll on the poll day. The Presiding Officers shall be advised to display the sticker containing the machine number and current ID etc., to the agents present before the commencement of the mock poll. It is relevant to note that as per the existing instructions the presiding officer is supposed to mention the number of CU/ CUs used; serial numbers of CU/CUs used; numbers of BU/BUs used and serial numbers of BU/BUs and numbers of VVPAT/VVPATs used and serial numbers of VVPAT used at the polling station in the Presiding Officer's Diary. This instruction shall be scrupulously followed.

10. REPLACEMENT OF EVMs and VVPATs DURING POLL

In case of replacement of CU or BU or VVPAT due to reason at any polling station the zonal officer or any authorized officer who effects such replacement shall prepare a special report indicating the machine number and current ID of the existing CU/BU/VVPAT and new CU /BU/VVPAT separately. The officer shall also mention in the special report, there as on for deployment of the spare CU/BU/VVPAT and the time of such replacement, votes polled in the replaced machine at that point of time and leave one copy of the special report with the Presiding Officer while retaining a copy to be handed over to the Returning Officer.

11. RECEPTION OF EVMs and VVPATs AFTER POLL

The machines shall be escorted back after the poll is over to the reception centers under proper escort. After all formalities are completed, the EVMs and VVPATs shall be kept in strong room and the room to be sealed in the presence of the candidates/their agents and observer.

12. REPOLL

A) In case of repoll, the EVMs and VVPATs required for repoll shall be drawn from the reserve list and the CU/BU/VVPAT number shall be informed to the candidates/agents in writing. Care shall be taken to ensure that the address tag on the EVMs with VVPATsclearly mentions it to be the EVMs and VVPATs for use in the repoll indicating the date and PS No.

B) After repoll, for the storage of the re polled EVMs and VVPATs, the strong room shall be re-opened in the presence of the candidates/their agents and observer. This re poll EVMs and VVPATs should be placed together with the old EVMs and VVPATs which was used earlier in the original poll. A tag 'Not to be counted' shall be put prominently on the old EVMs and VVPATs and another tag 'Re poll EVM-to be counted' shall be put on the new re poll EVMs and VVPATs. RO shall put signature on both the tags.

13. COMMUNICATION TO POLITICAL PARTIES/CANDIDATES

The political parties/candidates should be advised in writing to properly train their counting agents and that they should bring (for tallying purpose) the copies which shows the machine numbers used at the polling station and was handed over to them at the close of the polling by the presiding officer. Besides, the candidates have also been given a consolidated list of polling station wise list of CUs, BUs and VVPATs used during the polls. This along with the additional information given by RO in writing to the candidates regarding the machine numbers of CUs, BUs and VVPATs used as replacement and the CUs, BUs and VVPATs used during repoll will give a complete picture of the all the EVMs and VVPATs used at polling stations. In order to further facilitate, additionally, the RO shall paste the EVMs and VVPATs deployment account indicating the CU numbers of EVMs and VVPATs used polling station wise in the relevant counting hall itself for everyone to see.

14. VIDEOGRAPHY OF THE EVENTS

All the stages enumerated above shall invariably be fully covered with videography and records kept properly.

15. The above instructions should be compiled with, without any deviation and brought to the notice of all concerned, viz. the political parties, contesting candidates, all field officers concerned and the Observers.

CIRCULAR

No.32/TSEC-PR/2022 Date:08.03.2022

Sub:- TSEC – Conduct of Elections to Rural Local Bodies with EVMs – Instructions on conducting MOCK POLL where EVMs with Voter Verifiable Paper Audit Trail System (VVPAT) are used – Instructions issued – Reg.

***

Where elections are conducted using EVMs with Voter Verifiable Paper Audit Trail System (VVPAT), with a view to satisfy the candidates and their Agents present at the poll that the voting machine is in perfect working order and that no votes have already been recorded in the machine, the Presiding officer should conduct MOCK POLL.

In view of the above, the following detailed instructions are given to conduct MOCK POLL when EVMs/VVPATs are used.

During the mock poll in the polling stations, the Ballot Unit(s) and VVPAT Printer Unit should be placed in the Voting Compartment and Control Unit and VVPAT and its status display unit i.e., VSDU on the table of the Presiding Officer/Polling Officer who will operate the Control Unit after being properly connected and also watch continuously during poll process and immediately inform to Presiding Officer if any error noticed. During Mock Poll one polling Officer should be present in the Voting Compartment along with polling agents to watch operations on the Ballot Units and the printed ballot slips by the VVPAT Printer Unit.

First, The Presiding Officer shall show to all the polling Agents/Candidates present that all counts have been set to ZERO by pressing the 'Clear' button in the Result Section of the Control Unit. On pressing this button, the display panels will show that the number of votes recorded for each candidate as ZERO.

Then the Presiding Officer shall conduct a mock poll by recording a few votes at random for each of the contesting candidates. These votes may be recorded by asking each of the Polling Agents present to press any of the candidates' buttons on the Ballot Unit according to their own choice.

The Presiding Officer shall then press 'Close' button to end the mock poll.

Thereafter, at the first step the Presiding Officer shall show the result of mock poll to all the polling Agents/Candidates present. Result of the mock poll can be

ascertained by pressing the button marked 'Result 1' in older version of machines "Result" in the new version of machine in the Result Section of the Control Unit. Once that button being pressed, the display panels will show the number of votes recorded for each candidate sequentially beginning with the contesting candidate number 1. The candidate wise votes polled as per the control unit shall tally with the Physical count of candidate wise votes polled by agents.

After the result has been ascertained and tallied, the machine should again be cleared by the Presiding Officer and all counts will be set to ZERO by pressing the 'Clear' button. This is a very essential step and in this the Presiding Officer must not fail. Then the Presiding Officer shall show to all agents present that the machine has no vote.

Then at the second step, the Presiding Officer shall remove all printed (ballot) slips from the drop box of VVPAT Unit and count them candidate wise. This count shall tally with the votes polled by each candidate in the control unit. This creates the confidence among the stake holders on the functioning of EVM and VVPAT.

After that, these printed-paper slips of the mock poll shall be kept in an envelope made of thick black paper. This envelope will be sealed with the seal of the Presiding Officer. The Presiding Officer and the polling agents present shall put their signatures on the envelope. The number and name of the polling station and number and name of the Ward along with the date of poll shall be written on the Envelope. Words – "Printed Paper Slips of Mock Poll" shall also be written on the envelope. The envelope shall then be kept in the special plastic box provided for the purpose. The plastic box shall be sealed with a Pink Paper Seal placed all around in such a manner that opening of the box shall not be possible without breaking the seal. The number and name of the polling station and number and name of Ward along with the date of poll shall be written on the plastic box. The presiding Officer and Polling Agents present shall put their signatures on the pink paper seal. This plastic box containing printed paper slips of the mock poll shall be kept along with other documents relating to elections by the Returning Officer and shall be preserved till the period of filing of Election Petition is over or in case when election petition is filed, till its disposal by a Competent Court. Polling Agents present will be allowed to verify that the drop box of VVPAT Unit is empty. Thereafter, Presiding Officer will prepare and sign the Mock Poll Certificate in the format enclosed as (Annexure-I) and seal the Control Unit as per procedure laid down in the Presiding Officer's Handbook.
Mock poll is a very critical step and it should be emphasized during training –

Observer should visit maximum number of polling stations during the MOCK POLL on the poll day to check that everything is being done in the manner prescribed by the Commission.

After that, the Presiding Officer shall also prepare the VVPAT system as under

i) The lower part of the VVPAT unit i.e. drop box shall be sealed with the Address Tag before actual poll starts.
ii) After that BU and VSDU shall be connected to the VVPAT printer and connect the VVPAT printer to the Control Unit.

iii) Switch ON the Control Unit, after making all connections.

Complaint about incorrect printing of particulars on paper slip: Rule 80 of Conduct of Election Rules, 2018 stipulates the procedure for this as follows.

(i) Where printer for paper trail is used, if an elector after having recorded his vote under Rule 79 of Conduct of Elections Rules, 2018 alleges that the paper slip generated by the printer has shown the name or symbol of a candidate other than the one he/she voted for, the presiding officer shall obtain a written declaration from the elector (Form of declaration Annexure –II) as to the allegation, after warning the elector about consequence of making a false declaration.

(ii) If the elector gives the written declaration referred to in sub-rule (1), the presiding officer shall make a second entry relating to that elector in Register of Votes in Form XXX and permit the elector to record a test vote in the voting machine in his presence and in the presence of the candidates or polling agents who may be present in the polling station, and observe the paper slip generated by the printer.

(iii) If the allegation is found true, the Presiding Officer shall report the facts immediately to the Returning Officer and stop further recording of votes in that voting machine and act as per the direction that may be given by the Returning Officer.

(iv) If, however, the allegation is found to be false and the paper slip so generated under sub-rule (1) matches with the test vote recorded by the elector under sub-rule(2), then, the Presiding Officer shall –

(a) Make a remark to that effect against the second entry relating to that elector in Form XXX (Register of Voters) mentioning the serial number and name of the candidate for whom such test vote has been recorded;
(b) Obtain the signature or thumb impression of that elector against such remarks; and
(c) Make necessary entries regarding such test vote in item 5 in Part I of Form XXXII (Accounts of Votes Recorded)

Action in case of certain contingencies during poll: Some contingencies may arise during the polling process, which may require certain actions. These are as follows–

a. In case the CU or the BU does not work properly replacement of the whole EVM including CU, BU and VVPAT is required. Fresh mock-poll is also required to be done on the replaced set of CU, BU and VVPAT, following the same procedure as it was done earlier, prior to start of actual poll. The printed paper slips of the mock-poll shall be taken out and kept in the Black Envelope and shall be kept in the same plastic box, in which printed paper slip of mock-poll done prior to start of actual poll are kept.

b. In case the VVPAT status display unit (VSDU) is showing "Low Battery", the power pack battery of VVPAT should be replaced. It should be ensured that before taking out the power pack battery of VVPAT, control unit must be switched OFF and after installing new power pack battery in VVPAT, Control Unit should be switched ON. Control Unit should not be switched ON without installing power pack in VVPAT.

c. In case there is any other error, like "Paper Low" error, the VVPAT will stop printing and the error shall be displayed on the VSDU. In such case the VVPAT unit is to be replaced (No mock-poll is required to be taken, if only VVPAT is replaced). It should be noted that vote is not recorded in the CU electronically unless the paper

slip has been printed by VVPAT and also has been cut so that it falls in the drop box. Therefore, if VVPAT has not printed the paper slip, or the printed paper slip has not been cut, the last voter whose paper slip has not been printed by VVPAT or has not been cut should be allowed to cast his vote after the VVPAT has been replaced. In case the printed paper slip has not been cut and is hanging from the paper roll, no effort should be made to make it fall into the drop box. It should be allowed to remain hanging as it is not to be considered at the time of counting of the printed-paper slips. The details of such an occurrences should be clearly recorded in the Presiding Officers dairy in the following format:-

(i) The date and time of the occurrence.
(ii) The name of the voter and his serial number in the part in the electoral roll, who was allowed to cast his vote after replacement of VVPAT.
(iii) Whether the voter cast his vote after replacement of VVPAT or went away without casting his vote.
(iv) Total number of votes cast before the occurrence.

The Power Pack and Paper Roll for use in the VVPAT are supplied by the manufacturer. Therefore required number of sets of these materials may be procured from the manufacturers. Apart from this, adequate numbers of black paper envelope and plastic boxes may also be procured for the storing the Printed Paper slips of VVPAT for each polling station irrespective of whether these printed slips have been counted or not.

The above instructions shall be brought to the notice of all concerned.

Provided that no vehicle which is being lawfully used by a candidate or his agent for any purpose, connected with election of such candidate shall be requisitioned under this sub-section until the completion of the poll at such election.

In view of the above the following amendments are proposed to Section 205 of TPR Act, 2018..

In section 205 of TPR Act, 2018 in the clause (a) of sub section (1),

a) *the words "or for the storage of ballot boxes after a poll has been taken"; shall be substituted with the following words – "for the storage of ballot boxes, voting machines (including voter verifiable paper audit trail), accommodation for security forces and polling personnel and poll related material after a poll has been taken, or for counting; or".*

In section 205 of TPR, Act, 2018 in the second proviso of clause (b) of sub section (1),

6. 9th Ward in Parkal Municipality in Warangal ® District
7. 8th Ward in Metpally Municipality in Jagtial District
8. 30th Ward in Bellampally Municipality in Mancherial District
9. Ward No.18, Lingojiguda, Circle-4, LB Nagar, GHMC, Hyderabad

Whereas, the Commission, cognizant of the ongoing COVID-19 pandemic, has issued detailed guidelines in the reference 3rd cited prescribing arrangements at polling stations for voters, polling officials, as well as for political campaign to be followed during conduct of elections to above 7 ULBs and 9 Casual vacancies.

And Whereas, the Commission observed violation of the COVID guidelines in the ongoing election process. For conduct of safe elections, the Commission also

gave a strict warning in the reference 3rd cited that, in case of non-compliance of instructions legal action will be taken under Section 188 of IPC and other legal provisions as applicable, as specified in Order No. 40-3/2020-DM-I(A) dated 29th July, 2020 of Ministry of Home Affairs.

And whereas, it is pertinent to mention the following judgements of the Hon'ble Supreme Court of India with regard to powers of ECI in vacuous areas where enacted laws are silent in conduct of elections by the ECI. The Hon'ble Supreme Court in Kisan Singh Tomar vs. Municipal Corporation of City of Ahmadabad in Appeal (Civil) 5756 of 2005 of 19.10.2006, clarified that, "the powers of the SEC under Article 243-K and 243-ZA in respect of conduct of elections to Rural and Urban Local bodies are no less than that of the powers of ECI under Article 324 in their respective domains". Therefore, the following judgments are also applicable to State Election Commission.

1. The Hon'ble Supreme Court has held in Mohinder Singh Gill & Anr vs. The Chief Election Commission & Ors. (1978 AIR 851) that free and fair elections are the bedrock of all democratic institutions in the country.

2. Mohinder Singh Gill (supra) it has been stated that Article 324 is a reservoir of power for the Commission to act in such vacuous areas where the enacted laws make no provisions or make insufficient provisions to deal with the contingencies confronting the Commission in the conduct of elections.

3. It has been stated by the Hon'ble Supreme Court in Mohinder Singh Gill (supra) that;

   "…… Since the conduct of all elections to the various legislative bodies and to the offices of the President and the Vice-President is vested under Article 324(1) in the Election Commission, the framers of the Constitution took care to leaving scope for exercise of residuary power by the Commission, in its own right, as a creature of the Constitution, in the infinite variety of situations that may emerge from time to time in such a large democracy as our. Every contingency could not be foreseen, or anticipated with precision. That is why there is no hedging in Article 324. The Commission may be required to cope up with some situation which may not be provided for in the enacted laws and the rules. That seems to be raison d'etre for the opening clause in Article 327 and 328 which leaves the exercise of powers under Article 324 operative and effective <u>when it is reasonably called for in a vacuous area.</u>

4. In Union of India vs. Association for Democratic Reforms (2002) 5 SCC 294) the Hon'ble Supreme Court observed that the commission has been vested with wide powers for smooth conduct of elections and that the Commission has plenary powers to issue orders in unforeseen or unanticipated situations which are not covered by legislation. It was stated that;

   "…….. Article 324 operates in areas left unoccupied by legislation and the words "superintendence, direction and control" as well as "conduct of all elections" are the broadest terms. The silence of statue has no

exclusionary effect except where it flows from necessary implication. Therefore, in our view, it would be difficult to accept the contention raised by Mr. Salva, learned Solicitor-General and Mr. Ashwani Kumar, learned Senior counsel appearing on behalf of the intervenor that if there is no provision in the Act or the Rules, the High Court ought not to have issue such directions to the Election Commission. ____ It is settled that the power of the commission is plenary character in exercise thereof. In statutory provisions or rules, it is known that every contingency could not be foreseen or anticipated with precision, therefore, the commission can cope with a situation where the filed is unoccupied by issuing necessary orders. ….

….. The jurisdiction of the Election Commission is wide enough to include all powers necessary for smooth conduct of elections and the word "Elections" is used in a wise sense to include the entire process of election which consists of several stages and embrace many steps…."

5. All India Anna Dravida Munnetra Kazhagaam & Others v. The Chief Election Commissioner others (WP 3346 of 2001), the Hon'ble Madras High Court has made the following observations;

"Incidentally, as already noticed Art. 324 is supreme and is not subject to any provision in the Constitution and in fact, Arts. 326 and 327 are subject to Art., 324. The framers of the Constitution took care to leave scope for exercise of residuary power by the commission in its own right and it is within the domain and Election Commission to conduct election and it is for the Government to articulate its policy and the decision is to be caried out by EC, the details of which cannot be provided in the enacted law and future, it is bound to take some time to cope with the situation.

And Whereas, the aforesaid COVID -19 guidelines issued by the Commission in the reference 3rd cited are supplementary to the directions prescribed from time to time by the Ministry of Home affairs, Government of India and orders issued by the Central and State Governments under the Disaster Management Act, 2005 to contain the spread of COVID-19.

And whereas, the State Election Commission is vested with the responsibility of conducting free and fair elections to Rural and Urban Local bodies.

And whereas, it is a well settled law that, Article 243 -K and 243- ZA of the Construction of India confers upon the State Election Commission the widest possible power in the matter of "Superintendence, Direction and control of… and the conduct of elections to Rural and urban local bodies.

And whereas, the Commission has noted several instances of election meetings and campaigns wherein, norms of social distancing, wearing of masks etc., have been flouted in blatant disregard to the commission's aforesaid COVID-19 guidelines.

And whereas, the Commission has also taken a serious view against repeated violations by star campaigners/political leaders/ candidates who are supposed to be torch bearers for the campaign against COVID-19, grossly violating COVID-19 protocols, there by exposing themselves as well as the public to the danger of infection.

And whereas, in view of unprecedented public health concerns, the Commission is of considered view that the period of campaign for the Ordinary Elections to the 7 left over ULBs and also elections to 9 Casual vacancies notified in the reference 1st & 2nd cited, needs to be curtailed in larger public interest and also to issue guidelines to be followed during ensuing elections to above said ULBs and casual vacancies.

Now, therefore, the State Election Commission, in view of aforesaid, invoking its plenary powers under Article 243-K and 243-ZA, hereby, orders the following.

1. No rallies, public meetings, street plays,, Local meetings shall be allowed on any day during the days of campaign between 7 PM and 8 AM w.e.f 7 PM of 22.4.2021.

2. Silence period for rallies, public meetings, street plays, local meetings, bike rallies or any gathering for campaign purposes etc., shall be extended to 72 hours before the end of the poll. (v) The set up of polling stations should be made in such a way that the polling agents are seated inside the polling stations so that they may see the face of an elector as and when he/she enters the polling station so that they can challenge the identity of the elector, if needed. They should also be able to watch entire operation inside the polling station including his/her movement to the voting compartment and his/her exit from the polling station after recording his/her vote. But they should not, in any event, be seated in a place where they have the chance of seeing voter actually recording his/her vote which would compromise secrecy of voting.

(vi) The seating arrangement at the polling station for the polling agents, shall be guided by the priority category wise as indicated below:

(i) Candidates of recognized National Political Parties and State Political Parties registered with the TSEC.
(ii) Candidates of registered Political Parties registered with TSEC with a reserved symbol.
(iii) Candidates of registered Political Parties registered with TSEC without a reserved symbol.

Revocation of such Election Agent shall operate from the date on which it is lodged with the Returning Officer.

(xi) Any revocation of appointment of Polling Agent or of the death of a polling agent can be made only before the close of the poll.

2. Providing the Presiding Officers with a set of specimen signatures of Contesting Candidates and their Election Agents:

1.The Presiding Officer of a polling station may not be in a position to verify the signature of the contesting candidate or his election agent as given in appointment letter in Form XIV in respect of Greater Hyderabad Municipal Corporation and Form X in respect of Municipalities and Municipal Corporations

(other than GHMC) presented to him by the polling agent unless the specimen signatures of the candidates & their election agents are supplied to them. This may sometimes result in presentation of spurious Form XIV/Form X by unscrupulous persons with the purported/forged signatures.

2. In order to prevent any such malpractices and unscrupulous methods at the polling stations, the Commission has devised a Format for obtaining and circulating the specimen signatures of the candidates and their election agents to the Presiding officers, which is enclosed as Annexure.

3. A copy of the Format (enclosed) may be furnished to all Returning Officers of the Urban Local Bodies concerned with a direction that the specimen signatures of all the contesting candidates and their election agents shall be taken on the Format specified by the Commission and supply its Photostat copy to each Presiding Officer, Observers of the Commission, Zonal Officers and Route Officers etc, of the wards concerned.

4. The candidates are further at liberty to revoke the appointment of an election agent and to appoint another person. If such a change in the appointment is made at the last moment when the Presiding Officers have already been supplied with the copy of the Format containing the specimen signatures as originally furnished by the contesting candidate, then it shall be the responsibility of the candidate concerned to supply a copy of Form XIII revoking the appointment of the Election Agent and a copy of Form –XII (appointment of the new Election Agent) in respect of Greater Hyderabad Municipal Corporations and a copy of Form-IXA revoking the appointment of Election Agent and a copy of Form IX (appointment of new Election Agent) in respect of Municipalities and Municipal Corporations (other than GHMC) to the Presiding Officer concerned.

5. Under the law, it is not obligatory on the part of the candidates to appoint an election agent. Therefore, if any of the candidates has not appointed any election agent, then in the column meant for the signature of the election agent, the words "No Election Agent appointed" may be recorded in the Format.

6. The Commission hereby further directs that if any candidate and/or his election agent refuse(s) to affix specimen signature on the Format, they may be informed that the Presiding Officer may not entertain any appointment letter in Form XIV in respect of Greater Hyderabad Municipal Corporations and Form X in respect of Municipalities and Municipal Corporations (other than GHMC) from the polling agents appointed by them if the Presiding Officer is in reasonable doubt as to the genuineness of the signature of the candidate or his election agent whose specimen signature is not available in the prescribed Format.

7. These guidelines shall be brought to the notice of the Returning Officers for bringing the contents of these instructions to the notice of Presiding Officers/Polling Officers during their training and other election related officers for strict compliance.

8. Copy of these instructions shall also be forwarded to all the political parties and candidates in the State and brought to the notice of the electors as well through a suitable press release. ORDER

No. 529/TSEC-ULB/2021 Dated:02.12.2021

Sub:-TSEC – Conduct of elections to Urban Local Bodies- Conduct of elections with EVMs and VVPATs– Randomization of EVMs and VVPATs for transparency - Certain instructions - issued.

***

As an additional measure that aims at greater transparency, the Commission has decided to introduce a randomization protocol for the deployment of EVMs and VVPATs in various polling stations in the Wards of Municipalities & Municipal Corporations as a unit and the following instructions are issued which are to be followed meticulously without any deviation:-

1. STORAGE

As a general policy, all the EVMs available within a district shall be stored at the district head quarters under the direct control of the District Election Authority. It may be possible that due to want of storage space the EVMs may be stored in a decentralized manner in different locations. Even in such cases, for the purpose of first level checking and randomization procedure proposed to be introduced through this instruction, all EVMs and VVPATs available in the jurisdiction of district level shall be brought at one place to be fixed by C&DEA of concerned district under proper escort.

Since no VVPATs are available with State Election Commission presently, the same will be taken on loan from ECI and supply to the districts as per their requirement.

2. FIRST LEVEL CHECKING

a) The first level checking shall be carried out by the ECIL engineers.
b) For the purpose of tracking various steps taken in the process of first level checking, randomization and deployment of EVMs and VVPATs, an adhesive label (pre-printed sticker) shall be prepared and kept ready for use. This can be organized centrally by the C&DEAs of concerned district.

3. NUMBERING OF EVMs and VVPATs

As soon as the first level check is over the sticker will be pasted on the backside of the CUs/BUs and the checking- engineer will put his signature indicating the date in the relevant slot provided in the sticker. This would mean that the CUs/BUs is in order in every respect. The unique machine

number of the control unit (CUs/BUs) will be also indicated in the relevant slot in the sticker; besides, a running serial number will also be allotted to the CUs/BUs and will be indicated in the relevant slot. Simultaneously, the representative of C&DEA of concerned district duly authorized for this purpose will also put his signature in the relevant space. After this, CUs/BUs shall be stored with due precaution and care. In case of any CUs/BUs found to be defective during checking, such CUs/BUs shall be isolated and kept separately for follow up action for rectification of defect.

The above procedure will also be applicable for the VVPATs which will be verified, signed and numbered in the above manner.

4. DATABASE

A database of the CUs, BUs and VVPATs verified and certified will be prepared separately and kept in readiness for randomization. The data base structure will contain details of CUs, BUs and VVPATs indicating the machine number i.e. original number given by the manufacturer as inscribed on a metallic plate at the back side of the CUs/BUs/ VVPAT as the case may be. The CUs/BUs/ VVPATs so verified shall be kept under proper lock and key.

5. SCHEDULE FOR RANDOMIZATION OF EVMs AND VVPATs

The C&DEA of concerned district will fix up a schedule, which should in any case be fixed before the start of training of polling personnel, for randomization of CUs/ BUs/ VVPATs for Municipality/Municipal Corporation Ward wise distribution in the presence of the representatives of recognized political parties duly informing them well in advance. The randomization will be done in such a way that the CUs/BUs/VVPATs are randomly selected by grouping them to match the poll day requirement including the reserve required for each ward of Municipality and Municipal Corporation. Again, the surplus CUs/BUs/VVPATs shall also be randomly grouped and distributed Municipality/Municipal Corporation ward wise for the purpose of training (for the training of the polling staff as well as for the purpose of voter awareness). A sticker of different colour shall be affixed at the front side of the CUs/ BUs/VVPATs set aside for training purpose clearly indicating "... ... .(Name of Municipality/Municipal Corporation): Training CU/ BU"/VVPATs. While randomizing the CUs/ BUs/VVPATs the C&DEA of concerned district shall take the number of polling stations into account.

6. ALLOCATION OF ID

After ward wise grouping of CUs/ BUs/VVPATs is done in the above manner, a 'current ID' shall be assigned to each of CU/BU/VVPATs in the relevant slot provided in the sticker. The 'current ID' would mean 'the Municipality/Municipal Corporation No. followed by a new running serial number for that Municipality/Municipal Corporation. For example, If, for a Municipality/Municipal Corporation No. 56, 50 CUs,/BUs allotted and the current ID for the CUs would be from '56/CU/001' to '56/CU/050'. Similarly the

current ID for BU and VVPAT would read '56/BU/001 to 56/BU/050' and 56/VP/001 to 56/VP/050.

7. DISTRIBUTION OF LIST & EVMs and VVPATs TO RETURNING OFFICER

A) The randomized list of CUs and BUs /VVPATs are allotted to each Ward for use at polling stations as well as the list of EVMs and VVPATs shall be prepared separately and signed by the representative of C&DEA of concerned district and the R.O. and that list shall be handed over to all representatives of the recognized political parties. Even if a representative is not available at the time of randomization the list shall still be sent to the party office and a receipt obtained.

B) Thereafter, the R.O. of the concerned Ward shall take charge of the CUs /BUs/VVPATs randomly allotted to his/her Ward. The CUs/BUs/VVPATs meant for use at the election shall be separately taken to the strong room allotted to the R.O., under proper escort and will be guarded. The training EVMs and VVPATs shall be distributed to the relevant officers for the training purpose. At the time of sealing the strong room, the representatives of the political parties can remain present and they can also affix their seals on the lock.

8. PREPARATION OF EVMs and VVPATs

A) On the day fixed for preparing the CUs/BUs/VVPATs for use in the election, the R.O. will ensure that the preparation of CUs/BUs/VVPATs is done invariably in the presence of the candidate or his/her agent or his/her authorized representative and in the presence of General Observer as per the existing instructions. Now, the R.O. will do the second randomization of the CUs/ BUs/VVPATs to allot the CU/ BU/VVPAT to specific polling stations. After that he will write the PS No to which the CU/BU/VVPAT has been randomly allotted in the slot provided for it in the adhesive label. The remaining CUs/BUs/VVPATs (not allotted to any specific PS) shall be kept as 'Reserve' for use if needed. Such CUs /BUs/VVPATs shall be marked as 'R'-meaning 'Reserve' in the slot meant for PS No.

B) At this stage, the CU and BU/VVPAT randomly earmarked PS wise as above shall be identified by matching the PS No. and kept in pair by tagging them together. Any candidate/ agent present at the preparation hall may choose to get the CU/BU/VVPAT again checked by the master trainers/technical personnel if available through a 'mock poll cum result verification' in order to satisfy himself about the functioning of the EVMs and VVPATs. The R.O. should also, as a proactive measure, do a random verification of at least 10% of such CU/BU/VVPAT pairs to test the working status of the EVMs and VVPATs.

C) Then a Polling Station wise list indicating the Current ID and machine number of the CU/BU/VVPAT allotted to each PS will be prepared and signed by the R.O. The Returning officer will also prepare a separate list of CUs/BUs/VVPATs marked as 'R' indicating the current ID and machine number.

Both the above lists will be signed by R.O. and copies shared with the candidates/ agents/ representatives and their signature shall be obtained as a token of receipt.

D) As per the existing instructions three types of address tags for use on CU, BU and another on VVPAT have been prescribed. From now onwards, the tag shall also contain the current ID No. (as mentioned in the sticker- read para 6 above). The address tag attached to reserve CU/ BU/VVPAT shall indicate the 'Reserve' status of the unit. The tagging of address tag shall also be done at this stage itself in the presence of candidates/ agents/ observer. All the CUs/BUs/VVPATs allotted to Polling Stations as above as well as the reserve machines shall be kept in the strong room in the presence of candidates/ agents. They can also be allowed to affix their seal on the lock of the strong room.

9. DISBURSAL OF EVMs and VVPATs FOR ACTUAL POLL

A) When the EVMs and VVPATs are taken out of the strong room for dispatch, the usual precaution of informing the date and time of opening of strong room in writing to the candidates/ agents shall be followed.

B) At the time of dispatch the Presiding Officers shall be advised to compare the machine number inscribed on the metal label and the adhesive sticker and also verify the PS No. indicated on the sticker compared with PS No. mentioned in the address tag before accepting the EVM. Discrepancy, if any, shall be brought to the notice of the officer in charge of dispatch.

C) The candidates may be advised to share the current ID and machine number of the EVM (both CU/ BU/VVPATs) allotted to the specific PS with their polling agents appointed by them so that they are in a position to inspect the EVM for their satisfaction before the commencement of mock poll on the poll day. The Presiding Officers shall be advised to display the sticker containing the machine number and current ID etc., to the agents present before the commencement of the mock poll. It is relevant to note that as per the existing instructions the presiding officer is supposed to mention the number of CU/CUs used; serial numbers of CU/CUs used; numbers of BU/BUs used and serial numbers of BU/BUs & the number of VVPAT/VVPATs used and serial number of VVPAT used at the polling station in the Presiding Officer's Diary. This instruction shall be scrupulously followed.

10. REPLACEMENT OF EVMs AND VVPATs DURING POLL

In case of replacement of CU or BU or VVPAT due to any reason at polling station the Zonal Officer or any authorized officer who effects such replacement shall prepare a special report indicating the machine number and current ID of the existing CU/BU or VVPAT and new CU /BU/VVPAT separately. The officer shall also mention in the special report, there as on for deployment of the spare CU/BU or VVPATs and the time of such replacement, votes polled in the replaced machine at that point of time and leave one copy of the special report with the Presiding Officer while retaining a copy to be handed over to the Returning officer.

11. RECEPTION OF EVMs and VVPATs AFTER POLL

The machines shall be escorted back after the poll is over to the reception centers under proper escort. After all formalities are completed, the EVMs and VVPATs shall be kept in strong room and the room to be sealed in the presence of the candidates /their agents and observer.

12. REPOLL

A) In case of repoll, the EVMs and VVPATs required for repoll shall be drawn from the reserve list and the CU/BU/VVPAT number shall be informed to the candidates/agents in writing. Care shall be taken to ensure that the address tag on the CU and BU/ VVPAT clearly mentions it to be the EVMs and VVPATs for use in the repoll indicating the date and PS No.

B) After repoll, for the storage of the re- polled EVMs and VVPATs, the strong room shall be re-opened in the presence of the candidates/their agents and observer. The EVMs and VVPATs used in re-poll should be placed together with the old EVMs and VVPATs which was used earlier in the original poll. A tag 'Not to be counted' shall be put prominently on the old EVMs and VVPATs and another tag 'Re poll EVM & VVPAT - to be counted' shall be put on the new re- poll EVMs and VVPATs. Returning officer shall put signature on both the tags.

6. As soon as practicable after the closing of the poll, the presiding officer shall close the control unit to ensure that no further votes can be recorded and shall detach the balloting unit and the printer where ever the printer is used, from the control unit.

II. Detailed Action Plan for operationlisation of VVPAT system -

1. Training of Master Trainers: It is necessary to provide high quality training to all election officials. "Hands-on" training should be organized for Presiding Officers, Polling Officers, Returning Officer, Assistant Returning Officers, Sector Officers and Counting Personnel.

2. Training of Polling Personnel and Counting Personnel:

Immediately after the second randominsation of polling personnel in respect of the constituencies in which the VVPAT will be used training for the Polling Personnel should be conducted. The Master Trainers will impart training to the field officials. The training should include theoretical inputs and also hands on training. Every officer should get an opportunity to operate the EVMs with the VVPAT system and learn the process of recording the vote using VVPAT. Separate training on counting of printed ballot slips from the VVPAT System and tallying the count of printed ballot slips with the electronic count in the EVMs using Form - XXXII (Accounts of Votes Recorded) in case of MPTCs ZPTCs /Gram Panchayat, Form - XXXI (Accounts of Votes Recorded) in case of Municipalities & Municipal Corporations (Except GHMC) and Form-XXXVI (Account of Votes recorded) in case of GHMC should also be given. Questions should be encouraged and all doubts cleared in the training. Detailed operational manual of VVPAT will be made available by the manufacturers of EVM. Copies of the operational manual should be given to all officers during training. Copies of operational manual should be available at the polling station on the poll day. Complete training process should be videographed.

3. Awareness about use of VVPAT: Awareness should be created amongst the political parties and electors of the Constituencies, where VVPAT to be used, about the purpose and use of VVPAT. Towards this end, a demonstration of VVPAT system should be organized by the Returning Officers for all Candidates and

Political Parities. The demonstration will be done by Engineers of VVPAT manufacturers. Demonstration of VVPAT system should also be organized for voters at suitable locations in the Constituencies. A simple poster on method of voting on EVMs with VVPAT should be prepared and pasted at prominent places of the Constituencies i.e. Gram Panchayat/MPTC/ZPTC/Municipality/Municipal Corporation. This poster should also be pasted at two or three places in each polling station in such a manner that voters waiting in the queue are able to read the instructions in the poster. Pamphlets on the method of voting using EVMs with VVPAT should be printed and distributed to voters along with Photo Voter slips before the poll. A copy of the sample Pamphlet is attached at Annexure–V. Each voter should be given brief guidance on the method of voting with EVMs and VVPAT on the poll day when his or her signatures/thumb impressions are obtained in the Register of Voters in Form XXX in case of Rural Local Bodies or in Form XXXI in case of Municipalitis/Municipal Corporations or Form XXXIV in case of GHMC by the polling officer. The EA, DEA and RO should also organize programmes for awareness about use of EVMs with VVPATs.

4. First Level Checking of VVPAT System: The FLC of VVPAT shall be done in the presence of representatives of the recognized National and State Political Parties. During this FLC in addition to the normal FLC procedure, political party representatives will also be asked to observe the printed ballot slip in VVPAT for each vote cast, before it is cut and falls in the drop box of the VVPAT printer, in the manner a voter is supposed to check the printed ballot slip in a real election. After the mock poll, the printed ballot slips of each VVPAT printer shall be counted to compute the result independent of the electronic result in the CU and the result of the printed ballot slips shall be tailed with the electronic result of the CU. The tally should be shown to those present in the FLC. The whole process shall be videographed. FLC should also be treated as an opportunity for training the representatives of the political parties in the use of EVMs with VVPAT system.

5. Preparation of EVMs and VVPAT System for Poll: EVMs shall be prepared for poll according to the instructions of the Commission on preparation of EVMs for polls in the usual manner. After preparation of EVM, the VVPAT system shall be prepared for poll in the following manner:

(i) VVPAT System consists of one video Status Display Unit (VSDU) and one VVPAT Printer Unit.

(ii) Fresh Paper Roll shall be installed in VVPAT printer unit by following the procedure given in the user manual for VVPAT System.

(iii) Serial numbers and names of candidates and symbols allotted to them shall be loaded in VVPAT unit with the help of engineers of ECIL, using Symbol Loading Unit.

(iv) A test printout of the Serial numbers, names of candidates and symbols loaded shall be compared with the ballot paper placed on Ballot Unit. Thereafter, switch OFF the Control Unit and the latches of Paper Roll Compartment shall be sealed by using thread seals and address tags.
(Switching OFF of Control Unit before sealing of paper roll compartment should be ensured)

(v) New power pack (battery) shall be connected to the VVPAT unit. The door of the battery compartment must be properly shut. However, it is not sealed as the power pack can be replaced, if low battery status is indicated in VSDU, during the poll.
(vi) Thereafter one vote to each candidate will be given to check that the VVPAT is correctly printing the paper slips in respect of all the candidates.
(vii) VVPAT units should be randomly allocated to polling stations. For this purpose serial numbers of VVPAT printers shall be written on separate paper slips. These paper slips shall be put in a big jar and mixed. After that the slips shall be taken out one by one and allocated to polling stations.
(viii) The VVPAT unit will then be kept in the carrying case provided and taken to the polling station along with the EVM.

6. Incharge of Control Unit Polling Officer / Presiding Officer : Incharge of Control Unit Polling Officer / Presiding Officer in polling station will handle the VSDU of VVPAT also. The duty of this polling official will be to watch the VVPAT Status Display Unit (VSDU) continuously during the entire poll process. He will bring any error messages to the notice of the Presiding Officer immediately. One additional power pack battery will be provided to every poling party. In case of low battery error message the battery will be changed. For any other error message the VVPAT printer unit will be changed. It may be noted that changing of paper is not allowed during poll.

7. Dispersal of Polling Parties: At the time of dispersal of polling parties, two copies of the following shall be handed over to the Presiding Officers .
i) Trouble shooting instructions given at Annexure – III
ii) List of additional items of Polling Materials given at Annexure – IV.

8. Conduct of Mock Poll and Sealing of EVMs and VVPATs in the Polling Stations: During the mock poll in the polling stations, the Ballot Unit(s) and VVPAT printer unit should be placed in the Voting Compartment and Control Unit and VSDU on the table of the Presiding Officer/Polling Officer who will operate the Control Unit after being properly connected. One polling Officer should be present in the Voting Compartment along with polling agents to watch operations on the Ballot Units and the printed ballot slips by the VVPAT Printer unit. This polling officer will keep a record of the votes cast. After the mock poll, Presiding Officer will ascertain the result in the Control Unit and count the ballot slips in respect of each candidate in the presence of polling agents and confirm that the result tallies with the votes polled in respect of each candidate. The Presiding Officer shall ensure that the data of mock poll is cleared in the Control Unit, without fail, and also remove all the printed paper (ballot) slips from the drop box in the VVPAT unit. These printed-paper slips of the mock poll shall be kept in an envelope made of thick black paper. The envelope will be sealed with the seal of the Presiding Officer. The Presiding Officer and the polling agents present shall put their signatures on the envelope. The number and name of the polling station and number and name of the Ward along with the date of poll shall be written on the Envelope. Words – "Printed Paper Slips of Mock Poll" shall also be written on the envelope. The envelope shall then be kept

in the special plastic box provided for the purpose. The plastic box shall be sealed with a Pink Paper Seal placed all around in such a manner that opening of the box shall not be possible without breaking the seal. The number and name of the polling station and number and name of Ward along with the date of poll shall be written on the plastic box. The presiding Officer and Polling Agents present shall put their signatures on the pink paper seal. This plastic box containing printed paper slips of the mock poll shall be kept along with other documents relating to elections by the Returning Officer and shall be preserved till the period of filing of Election Petitions is over or in cases when election petition is filed, till its final disposal by a Competent Court. Polling Agents present will be allowed to verify that the drop box of VVPAT unit is empty. Thereafter, Presiding Officer will prepare and sign the Mock Poll Certificate (Annexure-I) in the format of Mock Poll Certificate enclosed herewith and seal the Control Unit as per procedure laid down in the Presiding Officer's Handbook. The Presiding Officer shall also prepare the VVPAT system as under –

iv) The lower part of the VVPAT unit i.e. drop box shall be sealed with the Address Tag before actual poll starts.
v) After that BU and VSDU shall be connected to the VVPAT printer and connect the VVPAT printer to the Control Unit.
vi) Switch ON the Control Unit, after making all connections.

Mock poll is a very critical step and it should be emphasized during training – Observer should visit maximum number of polling stations on the poll day to check that everything is being done in the manner prescribed by the Commission.

9. Complaint about incorrect printing of particulars on paper slip: If any voter alleges wrong printing of particulars of a candidate and /or symbol of that candidate contrary to what he/she has pressed on the balloting unit, then, the Presiding Officer of the polling station should provide him a 'Form of Declaration' (Annexure-II) to lodge a complaint by following the procedure prescribed under rule 80 of conduct of elections rules, 2018 in case of Rural Local Bodies , under rule 80 of Municipalities & Municipal Corporations (Conduct of Election of Members) Rules, 2019 in case of Municipalities & Municipal Corporations(Except GHMC) and under rule 73A of Telangana Municipal Corporations (Conduct of Election of Members) Rules, 2005 in case of GHMC.

(i) Where printer for paper trail is used, if an elector after having recorded his vote under rule 79 of conduct of elections rules, 2018 in case of Rural Local Bodies and rule 79 of conduct of elections rules, 2019 in case of Municipalities/Municipal Corporations (Except GHMC) & rule 73 of Telangana Municipal Corporations (Conduct of Election of Members) Rules, 2005 in case of GHMC alleges that the paper slip generated by the printer has shown the name or symbol of a candidate other than the one he/she voted for, the presiding officer shall obtain a written declaration from the elector as to the allegation, after warning the elector about consequence of making a false declaration.

(ii) If the elector gives the written declaration referred to in sub-rule (1), the presiding officer shall make a second entry relating to that elector in Register of

Votes in Form XXX in case of Rural Local Bodies or in Form XXXI in case of Municipalities & Municipal Corporations(Except GHMC) or Form XXXIV in case of GHMC and permit the elector to record a test vote in the voting machine in his presence and in the presence of the candidates or polling agents who may be present in the polling station, and observe the paper slip generated by the printer.

(iii) If the allegation is found true, the Presiding Officer shall report the facts immediately to the Returning Officer, stop further recording of votes in that voting machine and act as per the direction that may be given by the Returning Officer.

(iv) If, however, the allegation is found to be false and the paper slip so generated under sub-rule (1) matches with the test vote recorded by the elector under sub-rule(2), then, the Presiding Officer shall –

(d) Make a remark to that effect against the second entry relating to that elector in Form XXX (Register of Voters) / Form XXXI (Register of Voters)/Form XXXIV (Register of voters) mentioning the serial number and name of the candidate for whom such test vote has been recorded;

(e) Obtain the signature or thumb impression of that elector against such remarks; and

(f) Make necessary entries regarding such test vote in item 5 in Part I of Form XXXII (Accounts of Votes Recorded) in case of Rural Local Bodies/ Item 5 in Part I of Form XXXI (Account of Votes Recorded) in case of Municipalities/Municipal Corporations (Except GHMC)/ Item 4 in Part I of Form XXXVI (Accounts of Votes Recorded) in case of GHMC.

10. Action in case of certain contingencies during poll: Some contingencies may arise during the polling process, which may require certain actions. These are as follows –

a. In case the CU or the BU does not work properly replacement of the whole EVM including CU, BU and VVPAT is required. Fresh mock-poll is also required to be done on the replaced set of CU, BU and VVPAT, following the same procedure as it was done earlier, prior to start of actual poll. The printed paper slips of the mock-poll shall be taken out and kept in the Black Envelope and shall be kept in the same plastic box, in which printed paper slip of mock-poll done prior to start of actual poll are kept.

b. In case the VSDU is showing "Low Battery", the power pack battery of VVPAT should be replaced. It should be ensured that before taking out the power pack battery of VVPAT, control unit must be switched OFF and after installing new power pack battery in VVPAT, control unit should be switched ON. Control Unit should not be switched ON without installing power pack in VVPAT.

c. In case there is any other error, like "Paper Low" error, the VVPAT will stop printing and the error shall be displayed on the VSDU. In such case the VVPAT unit is to be replaced (No mock-poll is required to be taken, if only VVPAT is replaced). It should be noted that vote is not recorded in the CU electronically unless the paper slip has been printed by VVPAT and also has been cut so that it falls in the drop box. Therefore, if VVPAT has not printed the paper slip, or the printed paper slip has not been cut, the last voter whose paper slip has not been printed by VVPAT or has not been cut should be allowed to cast his vote after the VVPAT has been replaced. In

case the printed paper slip has not been cut and is hanging from the paper roll, no effort should be made to make it fall into the drop box. It should be allowed to remain hanging as it is not to be considered at the time of counting of the printed-paper slips. The details of such an occurrences should be clearly recorded in the Presiding Officers dairy in the following format:-

(v) The date and time of the occurrence.
(vi) The name of the voter and his serial number in the part in the electoral roll, who was allowed to cast his vote after replacement of VVPAT.
(vii) Whether the voter cast his vote after replacement of VVPAT or went away without casting his vote.
(viii) Total number of votes cast before the occurrence.

11. Counting of votes: Counting of votes shall be done according to Rule 93 of TPR (Conduct of Elections) rules, 2018 in case of rural local bodies, Rule 93 of Telangana Municipalities & Municipalities (Conduct of Elections) Rules,2019 in case of Municipalities & Municipal Corporations (Except GHMC) and Section 86 of Telangana Municipal Corporations (Conduct of Election) Rules,2005 in case of GHMC. After the entries made in the result sheet of election are announced, any candidate, or in his absence, his election agent or any of his counting agents may apply in writing to the Returning Officer to count the printed paper slips of VVPAT unit in respect of any polling station or all polling stations. On such application being made, the Returning Officer shall pass a speaking order on whether the counting of paper slips shall be done or not. While deciding the matter the Returning Officer shall give due consideration to the following:-
Whether the total number of votes polled in that polling station is more or less than the margin of votes between winning candidate and candidate making the application.

(d) Whether EVM met with any defect and was replaced at that polling station during poll.
(e) Whether there was any complaint about VVPAT not printing the paper slips correctly by any voter, in that polling station during the poll.

12. If the Returning Officer decides to allow counting of the paper slips of any polling station or all polling stations such decision of the Returning Officer shall be recorded in writing and shall contain the reasons therefore.

13. The following procedure shall be followed in case it is decided to count the printed slips of VVPAT:-

(l) VVPAT unit(s) of the respective polling station(s) shall be brought to the Counting table(s).
(m) Address tag(s) of the drop box of the VVPAT unit(s) shall be cross checked to ascertain that it actually pertains to the same polling station, address tag of VVPAT unit should be removed and ballot paper slips shall be taken out form the drop box. Care should be taken that no printed paper slip is left in the drop box. Empty drop box should be shown to all counting agents.

(n) in case a VVPAT unit was replaced during poll at any polling station, all the VVPAT units used at the polling station should be brought to the counting table and printed paper slips from all of them should be taken out before beginning the counting of printed slips for that polling station.

(o) In case a VVPAT unit was replaced, it may so happen that an uncut fully or partially printed paper slip is hanging and has not got cut and dropped in the drop box and still connected to the paper roll. This uncut printed paper slip should not be torn and should not be counted because the vote does not get recorded electronically in the CU unless the printed paper slip is cut. In such an event the last voter whose printed paper slip was not cut would have been given an opportunity to cast his vote after replacement of VVPAT and the printed paper slip of the vote cast by him shall be in the next VVPAT printer used in that polling station.

(p) The drop box of the VVPAT printer will also have slips of self test report. These are easily identified, as they do not have either the name or the symbol of any candidate and are of larger length. These self-test report slips are to be preserved along with the printed-paper slips as part of the record but they are not to be counted.

(q) Pigeonholes will be prepared to put ballot paper slips of the respective candidates.

(r) After all the ballot paper slips are put in the respective pigeon holes, bundles of 25 paper slips of respective candidates will be prepared for counting purpose.

(s) Printed-paper slips will then be counted by the counting staff and same will recorded in Annexure-VI.

(t) The result of the count of ballot slips will be announced loudly in the counting hall and shown to the counting agents.

(u) if there is any discrepancy between the count of votes displayed on the control unit and the count of printed-paper slips in respect of any Polling Station, the result sheet will be amended as per the printed-paper slips count.

(v) The Returning Officer shall announce the amendments so made by him and declare the result.

14. Sealing of Control Units and VVPAT units: After the result is announced, whether the printed paper slips of VVPAT were counted or not, the printed paper slips will be taken out of the drop box of the VVPAT Printer unit and stored in the following manner -

a. The printed-paper slips shall be kept in a paper envelope made of thick black paper. The envelope shall be sealed with red wax with the bilingual secret seal of the Returning Officer for sealing of the documents. Following shall be written on the envelope –

I. The name of election and year.

III. The number and name of the Constituency;

III. The particulars of polling station in respective boxes;
IV. Unique serial number of the Control Unit & VVPAT units in respective boxes;
V. Date of poll; and
VI. Date of counting.

b. These Plastic boxes shall be kept with all the statutory documents relating to that election till the statutory time limit for filing an election petition is over or in case where an election petition is filed till the final disposal of the election petition by a competent Court. The plastic boxes shall not be opened or destroyed without obtaining the permission of the Commission.

c. The VVPAT printers after taking out the printed paper slips shall be kept in a separate strong room and should not be kept in the strong room where EVMs are stored, so that even if there is any election petition is filed from any of the constituencies, the VVPAT units can be taken out for use, if required, without opening the strong room having EVMs.

d. It should be ensured that the Thermal Paper Roll and Battery (Power Pack) are taken out from the VVPAT, before keeping the VVPAT units in the Strong Room.

15. The Power Pack and Paper Roll for use in the VVPAT is supplied by the manufacturer; therefore three sets of these materials may be procured from the manufacturers. Apart from this, adequate numbers of black paper envelope and plastic boxes may also be procured for storing the Printed Paper Slips of VVPAT after counting of votes for each polling station irrespective of whether these printed slips have been counted or not.

The above instructions shall be brought to the notice of all concerned.

TROUBLE SHOOTING
HANDLING OF CU-BU-VVPAT FAILURES /ERRORS DURING POLL
PREPARATION OF POLLING OFFICIALS FOR FAULT HANDLING – SUGGESTIONS

Certain contingencies may arise during the polling process which may require certain actions. These are as follows:-

a. In case of the CU or the BU does not work properly, (i) SWITCH OFF the CU, DON'T SWITCH IT ON AGAIN (ii) BU, CU and VVPAT, (i.e. CU, BU and VVPAT) by another set of BU, CU and VVPT, (iii) Continue the poll with the new EVM set.

b. In case Display Penal of the Control Unit displays "Link Error" –

   i) Check that the cable connections are made properly by visual inspection (DON'T REMOVE and RECONNECT THE CONNECTORS);
   ii) If "Link Error" still persists, replace the complete set of EVM with VVPAT (i.e. CU, BU and VVPAT).

c. In case the "VVPAT Status Display Unit (VSDU) displays 'Error Code-1 Replace Battery."

   Switch off the Control Unit and replace the Power pack of VVPAT printer. It shall be ensured that in no case replacement of power pack is done without switching off the Control Unit.

d. In case the VDSU displays "Error Code – 2 Replace Printer" and the Presiding Officer has not pressed the BU enable button then-
   Switch off the Control Unit and replace the defective VVPAT unit with the new VVPAT unit. It shall be ensured that in no case replacement of VVPAT unit is done without switching off the Control Unit.

e. In case the Presiding Officer has pressed BU enable Button and the Voter has pressed the Candidate Button of the Ballot Unit and complains that 'Paper Slip' has not been printed or the Paper Slip printed by the VVPAT unit has not been cut and hanging against the display window then:

   i) In case the busy lamp of the Control Unit is not glowing, and no Message /Error is displayed on VSDU, the complaint should be considered as baseless and rejected.
   ii) In case busy lamp is glowing the Control Unit, and no Message/Error is displayed on VSDU, the Voter shall be requested to go into the Voting Compartment once again and Press the Candidate Button of Ballot Unit of his choice.
   iii) If even then busy lamp is glowing on the Control Unit, please check the display of the VSDU of VVPAT. If VSDU busy lamp is also glowing and VSDU has no display message, please switch OFF the Control Unit and replace the VVPAT unit.

iv) The last voter whose paper slip has not been printed by VVPAT or has not been cut should be allowed to cast his vote after the VVPAT unit has been replaced. Please keep in mind that the vote is not recorded in the CU electronically unless the paper slip has been printed, it is cut and falls in the drop box of VVPAT. Therefore, if VVPAT has not printed the paper slip, or the printed paper slip has not been cut, the last voter whose paper slip has not been printed by VVPAT or has not been cut should be allowed to cast his vote after the VVPAT unit has been replaced.

v) In case the printed paper slip has not been cut and is hanging from the paper roll, replace the Printer, but no effort should be made to make it fall into the drop box. It should be allowed to remain hanging, as it is not to be counted at the time of counting of the printed paper slips. The details of such an occurrence should be clearly recorded in the Presiding Officers diary in the following format:

i) The date and time of the occurrence
ii) The name of the voter and his serial number in part in the electoral roll who was allowed to cast his vote after replacement of VVPAT.
iii) Whether the voter cast his vote after replacement of VVPAT or went away without casting his vote.
iv) The Total number of votes cast before the occurrence.

f. In case a voter alleges after recording his vote that the printed paper slip generated by the printer has shown the name or symbol of a candidate other than the one he voted for, action should be taken as mentioned below:-

i) Obtain a declaration from the complainant in the Declaration Form supplied to you for this purpose under his/her signature / thumb impression;
ii) Proceed to the voting compartment along with the voter (complainant) and polling agents present in the polling station at that moment;

iv) Observe carefully whether the Printer has printed the paper slip correctly;
v) If the complaint of the elector is found genuine, the Presiding Officer shall report the facts immediately to the Returning Officer, stop further Poll at the polling station;

vi) If the complaint of the elector is found false, make a remark to that effect against the second entry relating to that elector in Form-XXX (Register of Voters) in case of Rural Local Bodies/Form XXXI (Register of Voters) in case of Municipalities/Municipal Corporations (Except GHMC)/ Form-XXXIV (Register of voters) in case of GHMC;
